"On the Beat" with Senior Sergeant Richard Moore

Officer in Charge of Mundijong Police Station

Hello E-Watchers,

Please. Please. Please.
Lock your vehicles and keep valuables out of sight from prying eyes.

If offenders see laptops, handbags, mobile phones, jewellery in your vehicle there is a strong likelihood they will smash a window or simply open unlocked doors to steal the items.

I can't guarantee offenders won't damage your vehicle if the door is locked to gain entry, but if they do see valuables there's a high probability they will smash a window.

Should you be a victim of crime and have CCTV, please review it. If it has vision of the offenders Mundijong Police will email you a secure link to upload the vision to assist us in locating, apprehending and charging the offender or offenders.

Family Violence

Over the past two months, Mundijong Police have responded to 56 incidents involving family violence. Unfortunately, and tragically statistics highlight one person every week is dies as a result of a family violence incident.

Mundijong Police encourage victims, family members, work colleagues, friends or neighbours to report incidents of family violence.

WA Police have access refer both both victims and offenders to external agencies and where we can obtain evidence will charge offenders.

Let us help you.

What to report to the WA Police

The Police rely on reports from the community about where crime and suspicious activity are occurring. Police patrols are most often targeted in line with reports from the public and the Police can only respond and assist where they are given reasonable detail about the nature and timing of an incident or ongoing issue. For more information on how to make a report go to WA Police-Report a crime.

Crime Stoppers

Call Crime Stoppers on 1800 333 000 or make an online report to provide information about any criminal activity and in some cases a reward may be issued. You can remain anonymous.

Crime Stoppers is staffed between 7am and 11pm weekdays and 8am to 8pm on weekends, but online reports can be made at any time.

For life-threatening or time critical emergencies:

- Phone 000
- For the hearing/speech impaired call TTY 106

Only use the 000/106 emergency service when an immediate response is required, to contact police while a crime is happening or if someone is in immediate danger.

Before you call 000 or (TTY) 106, decide which emergency service you need:

- WA Police Force | St John Ambulance | Department of Fire and Emergency Services (DFES).

For non-emergency situations (WA Police Force assistance)

- Phone WA Police on 131 444
- for the hearing/speech impaired call TTY 106
