Important Information

In 2012 the Cat Act came into effect in an effort to address some increasing problems associates with the keeping of cats in our community.

In 1987, extensive changes were made to the Dog Act in an effort to address some increasing problems with the keeping of dogs in our community.

The most important change is that cat and dog owners must provide means on their property of effectively confining their cats and dogs. If the cat or dog is collected wandering, this can incur an "on the spot" fine, plus impound fees.

Straying cats and Barking Dogs can become a problem that can be prevented by early management and training of the animal. For more information and advice please contact our Councils Ranger Services, the local veterinary clinic or an animal behaviour consultant.

PLEASE NOTE: means effectively confining the cat or dog within the premises does not include tethering.

Another important change is the very significant difference in the registrations fees for sterilised and unsterilised cats and dogs as indicated below, and therefore urged to consider the long term financial benefits of having your cat or dog sterilised. In addition to the registration number tag, each cat or dog must also have a tag on which is inscribed the owner's name, address and phone number

PLEASE NOTE: a. Definition of a Working Dog for concessional licensing purposes is as follows – Dogs used for droving or caring of stock in the ownership of the bona-fide Primary Producer.

b. Definition of a pensioner for concessional licensing purposes is as follows – A person issued with a Pensioner Concession Card or State Concession care, or A person issued with a Seniors Card AND Commonwealth Senior Health card

c. The Maximum number of cats to be kept on any premises is three (3) in accordance with Local Law relating to kennel and cattery establishments. The maximum number of dogs to be kept on any premises is two (2) over the age of three (3) months. A permit can be obtained for the keeping of more than two (2) dogs and or more than two (2) cats in some cases, but subject to written request to Council and certain other conditions being met.

d. To licence a cat or dog under sterilised concessional rates, an owner or agent should either have a veterinarian's certificate or be prepared to sign a statutory declaration to that effect.

e. Refunds of sterilisation – An owner who has paid the registration license and subsequently has his dog sterilised in that year may claim a refund or the difference in the licence fee for a sterilised and unsterilised dog for the whole of that period. The refund is to apply within first three-years of registration. This amendment has been promoted by various local governments and is a further incentive for dog owners to sterilise their dogs as soon as possible.

f. Refunds for Pensioners – Where a person has paid a three-year registration license and subsequently becomes a pensioner, the person may claim a 50% refund for each whole year of the unexpired license.

g. Dog owners are reminded that dogs three months and over must be registered at all times. Failure to register a dog may result in a penalty under the Dog Act.

Table with 4 columns: Standard Fees, 1 Year Standard, 3 Year, Lifetime. Rows include Sterilised Dog or Cat, Unsterilised Dog, Pensioner Fees, Sterilised Dog or Cat, Unsterilised Dog, and Application to breed Cats.
