

1. Upon completion of the information below, the site will be inspected for construction of your crossover and specifications/approval will be sent.
2. Upon construction of the crossover, please complete the Application for Crossover Subsidy (for your first crossover only) and submit this to the Shire together with a copy of any invoices.
3. Your crossover will then be inspected and if approved, your details will be forwarded to Finance for the subsidy to be paid. If your crossover does not meet the required specifications, you will be contacted.

Please note:

- The crossover must be constructed to the required specifications to be eligible for a subsidy
- The current subsidy payment is based on \$22.50 per m² and up to \$400 maximum.
- The Footpath, Kerbing and Drainage Pits cannot be removed for the crossover or for the construction of the crossover.
