Subject: CESM

To whom it may concern,

Jarrahdale VBFB is in support of having a CESM for the SJ Shire emergency service department. We were hoping also to have a volunteer chief as well, but if that is not able to happen we support this decision either way 100%.

We would like to add that it's made clear to who ever may take this role that they are community minded, support and are volunteer friendly and has the best interest in supporting the leadership leaders through any issues.

We also hope that the brigade Captains also have an opportunity to see the possible candidates to have a say in the possible leadership. If not a delegated representative Captain from the Captain group or Deputies.

Kind regards

Belinda Briscoe
Jarrahdale VBFB Captain
