## Submission

### Issue:

Domestic shed more than 2.4m above natural ground

### Comment:

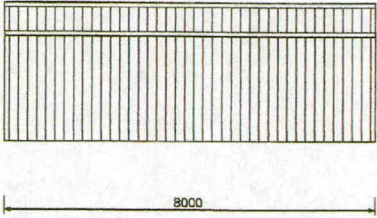

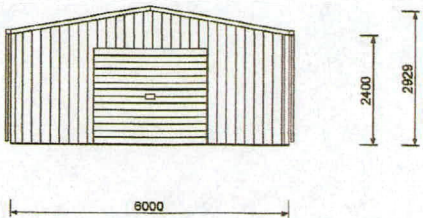

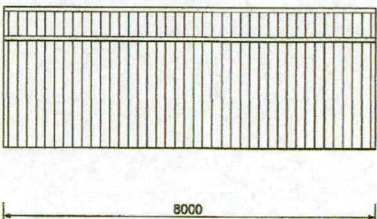

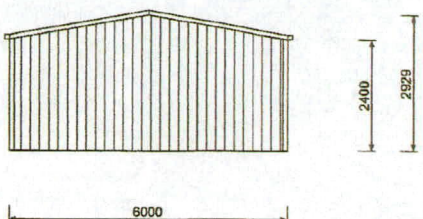

Looking at the height of the shed (2.8m high over a 1.9m fence) - the mass, bulk and proximity of the rear elevation to the boundary fence would present an overbearing and intrusive element to the rear of our property.

Although this may not be looked at as a legitimate objection, we would appreciate some level of compromise and understanding from the applicant to shift the shed North from 0.5m off the fence to 1.5m, if possible.
