

ID							Location							Landowner	Safety and Risk assessment		
Registry #	Species	Number of trees	Height	Trunk Diameter	Canopy Diameter	Estimated age (years)	GPS coordinates	Reserve #	Lot #	House #	Street	Locality	Positioning within property	Landowner	Include hazards, stability, threats	Officer recommendation	Category of Significance
ST 29	<i>Lophostemon confertus</i> (Queensland box)	19	approx. 4-5m	average 75cm	average 6m	Planted approx. 1940 - 1950	North 32.2309890 S, 116.0063017 E South 32.2325534 S, 116.0062347 E	Road reserve			South Western Highway	Byford	Row along verge of highway between Wilaring Street and Jandu Street	Crown land, Main Roads vesting	Road widening or upgrade, pruning for overhead powerline. Northern trees are in poor health, unclear reason, may be spreading.	Include on Register because: 1) Historical planting giving sense of place 2) Recognises history with the Byford RAN Armament Depot	4 (historical), 6 (location), 10 (avenue)
ST 30	<i>Corymbia calophylla</i> (marri)	Three large assessed, group of several smaller ones not assessed	20m	100 cm (tree with memorial), 99 cm, 121 cm (separate garden)	20m	240-290 years	32.3624762 S, 115.9916265 E	Road reserve			South Western Highway	Serpentine	Located at the bridge on SWH approx. 150m south of Karnup Road	Main Roads	Road widening or upgrade. First two trees have canker, which may threaten their lives.	Include on Register because: 1. Memorial for tragic accident 2. Contribute to river's ecological linkage	4 (commemoration)
ST 33	<i>Eucalyptus marginata</i> (jarrah)	1	25m	176 cm	35m	420years	32.3441660 S, 116.0005985 E	Road reserve			South Western Highway	Serpentine	East side of highway, approx. 120m south of Feast Road	Crown land, Main Roads vesting	Future road widening or upgrades. Large scar on eastern side (galah chewing?). Termite activity on western side to lower branches, has been treated but may threaten stability over time if recurrent	Include on Register because: 1. Beautiful, symmetrical, spreading form 2. Very large, old tree with habitat hollows	1 (aesthetics), 2 (size), 3 (age)
ST 35	<i>Eucalyptus wandoo</i> (wandoo)	1	20m	152cm	15m	350 years	32.4017453 S, 115.9948545 E	Road reserve			South Western Highway	Serpentine	Western side of highway just north of Kingsbury Drive	Crown land, Main Roads vesting	Future road widening or upgrades. Has dropped branches in the past but otherwise very healthy.	Include on Register because: 1) Beautiful tree with attractive white bark 2) Very large, old tree with habitat hollows	2 (size), 3 (age)
ST 52	<i>Eucalyptus marginata</i> (jarrah)	1	30m	127cm	20m	304 years	32.3592494 S, 116.1201659 E	Reserve R16634			Balmoral Road	Jarrahdale	northwest of Balmoral Road – Munda Biddi junction	Crown land, vesting DBCA	Alcoa exploration and/or mining, logging, road upgrades, dieback ( <i>Phytophthora</i> )	Include on Register because: 1) Large, old jarrahs with habitat value 2) Straight, tall trees showing what pre-logging trees were like	1 (aesthetics), 2 (size), 3 (age)
ST 53	<i>Eucalyptus marginata</i> (jarrah)	1	35m	81.5cm	12m	198 years	32.3592403 S, 116.1213112 E	Reserve R16634			Balmoral Road / Munda Biddi	Jarrahdale	is near the bridge close to the junction	Crown land, vesting DBCA	Alcoa exploration and/or mining, logging, road upgrades, dieback ( <i>Phytophthora</i> )	Include on Register because: 1) Large, old jarrahs with habitat value 2) Straight, tall trees showing what pre-logging trees were like	1 (aesthetics), 2 (size), 3 (age)
ST 54	<i>Quercus robur</i> (English oak)	1	22m	128cm	30m	100 years (planted early 1900s)	32.3326524 S, 116.1171369 E	Reserve R16634			Blue Rock Road	Jarrahdale	Day's lease now DBCA	Crown land, DBCA vesting	Alcoa exploration and/or mining. DBCA removal of non-native plants.	Include on Register because: 1) Planted by early settlers of Jarrahdale 2) Beautiful specimen tree, big and old	1 (aesthetics), 2 (size), 3 (age), 4 (historical)
ST 64	<i>Kingia australis</i> (grasstree)	1	6m	20cm	1m	600 years	withheld				Yoorda Close	Cardup		withheld	May need extra support in future if supporting dead tree falls	Include on Register because: 1. Very old kingia which is unusually tall 2. Unique growth habit (bent over)	1 (aesthetics), 3 (age), 9 (unusual features)
ST 67	<i>Corymbia calophylla</i> (marri)	1	30m	243 cm (386.5 cm at base of buttress at ground level)	28m	576 years	withheld				Keirnan Street	Whitby		withheld	Crown snapped off in 2017, revealing hollow trunk which may eventually lead to instability. Protected by wire which is collecting debris and may cause rot. Some termite tracks above wire.	Include on Register because: 1) Extremely large, old tree with high habitat values 2) Massive tree with unique wide buttress 3) Largest, oldest tree assessed for Register	2 (size), 3 (age), 9 (unique feature)
ST 70	<i>Syncarpia glomulifera</i> (turpentine tree)	1	25m	121cm	12m	100 years (planted early 1900s)	32.3329731 S, 116.1174588 E	Reserve R16634			Blue Rock Road	Jarrahdale	Day's lease, now DBCA	Crown land, DBCA vesting	Alcoa exploration and/or mining. DBCA removal of non-native plants. Some termite activity.	Include on Register because: 1) Planted by early settlers of Jarrahdale 2) Beautiful specimen tree, big and old 3) Botanical interest, rare in WA.	1 (aesthetics), 2 (size), 3 (age), 4 (historical), 7 (rare type)
