

**Healthier food choices should be provided, and unhealthy food options limited at supported community events**

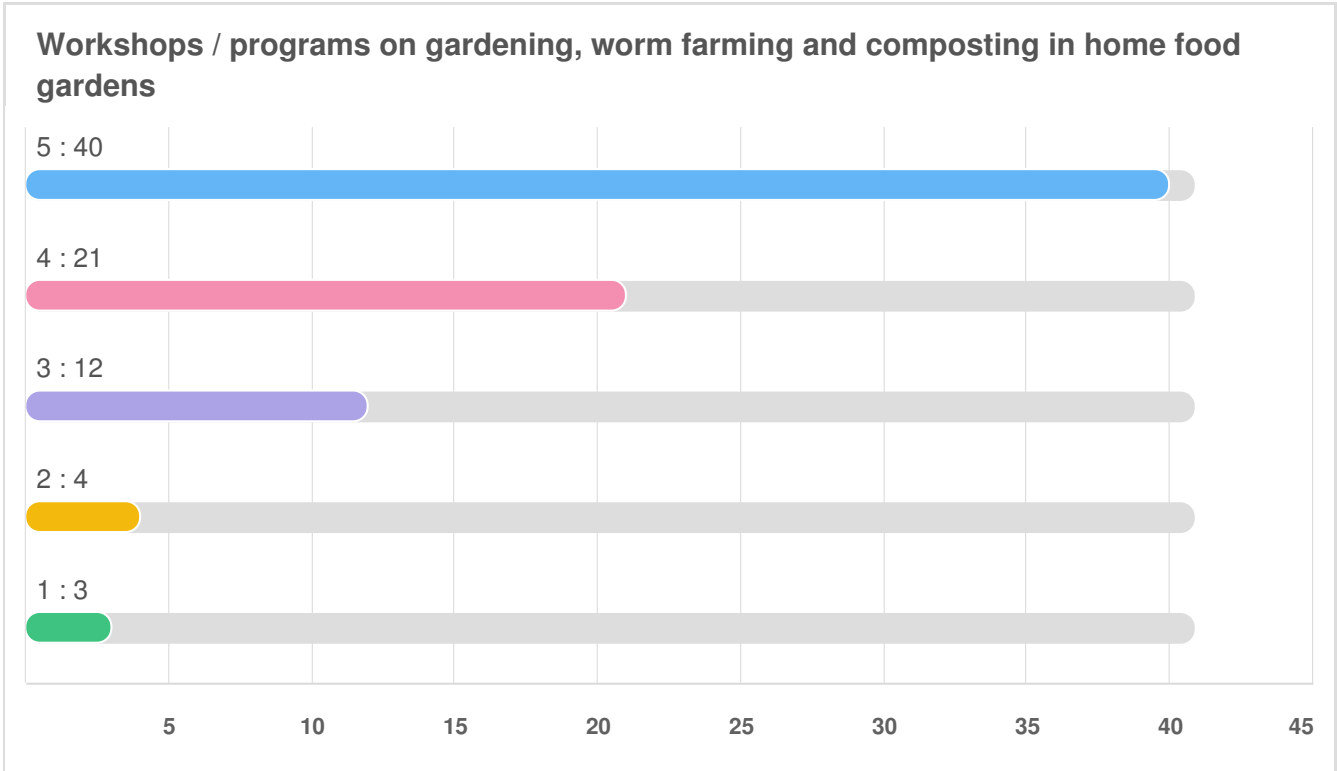

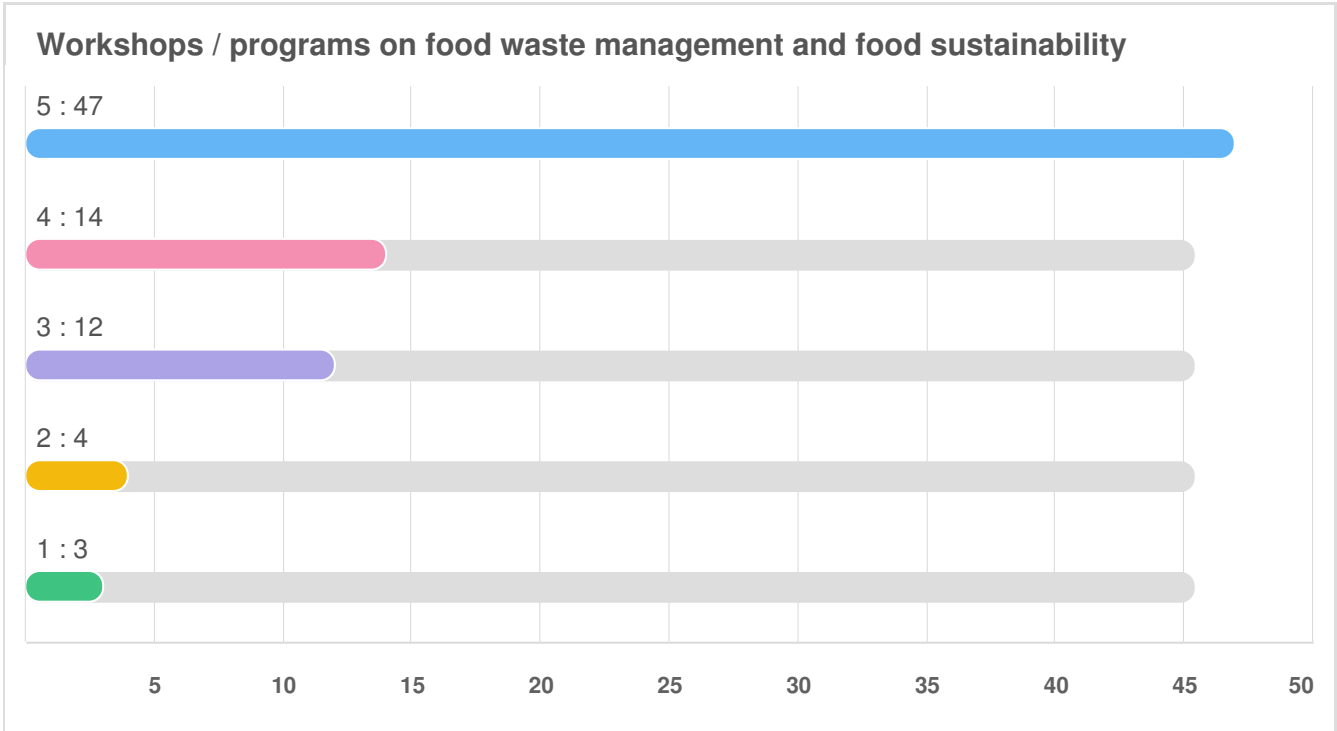

**Local communities should have access to health-promoting sponsorship options for events**

**Local schools and/or early learning centres within the Shire should commit to reducing waste, and work towards becoming an accredited Waste Wise school**

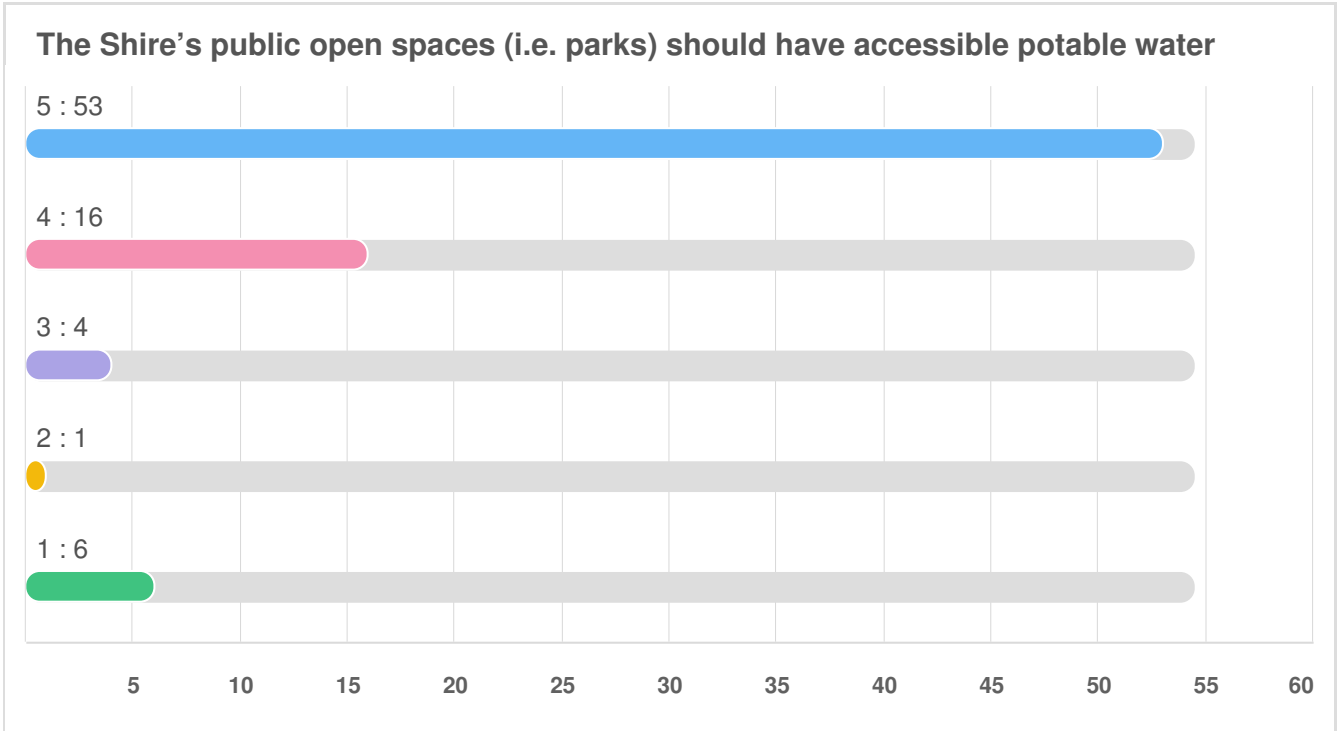

**Local schools and/or early learning centres within the Shire should deliver programs which improve skills to grow and prepare healthy foods**

**Local schools and/or early learning centres within the Shire should support students to get active by increasing walking, scooting and riding to school**

**The Shire should become a Breastfeeding Friendly Community by reducing stigma and providing safe spaces for breastfeeding mothers**

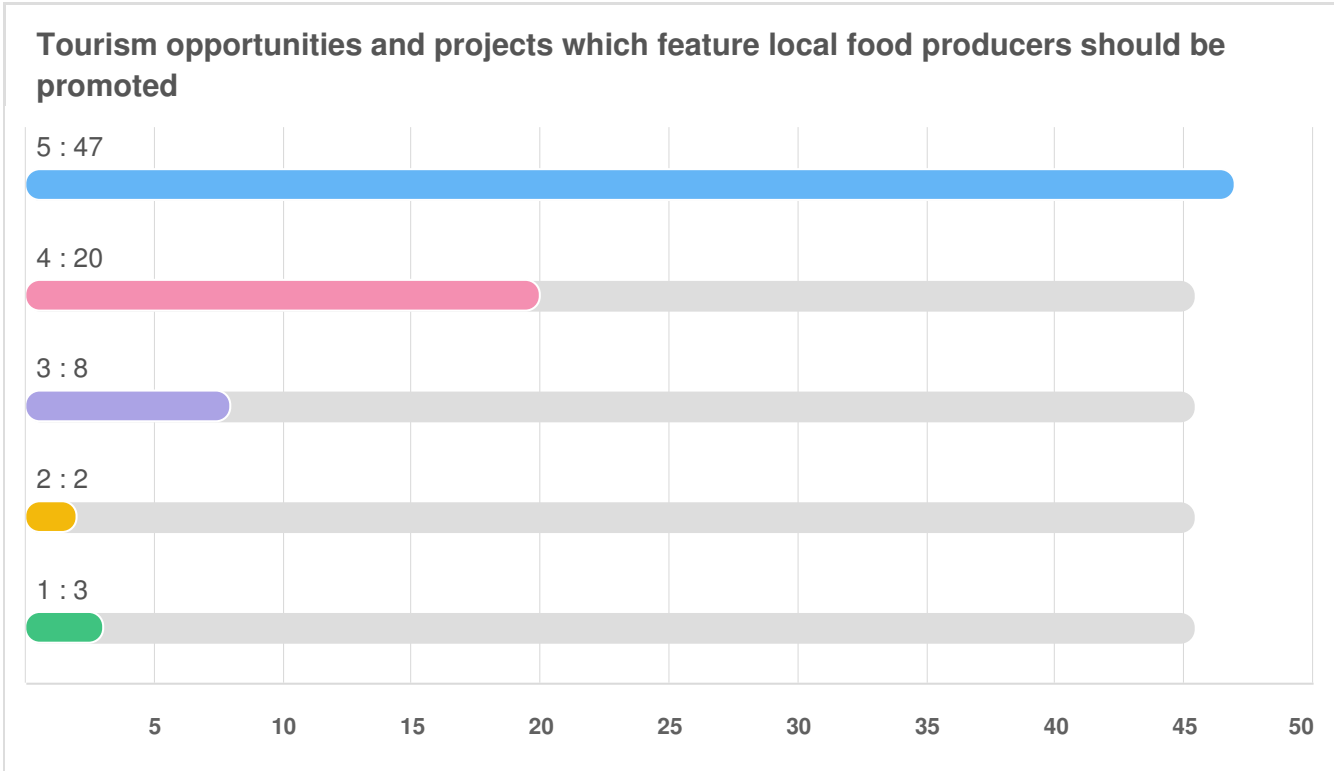

**Networking opportunities related to improving the health and sustainability of food environments should be researched, resourced and engaged in**

**A policy should be developed to remove advertising that promotes unhealthy foods and drinks from publicly owned and managed settings, such as bus stops, benches and sporting grounds**

**Health and social services should be supported to prioritise the prevention of obesity-related chronic disease**

**Older adults, health and community workers should be educated on injury prevention and recovery support through healthy foods**

**Q2** Do you have any additional suggestions for actions that could be taken to increase and

## improve healthy food environments?

Screen Name Redacted 6/02/2021 10:42 AM	Planting edible curb side plants / trees in parks & verges to share with the community.
Screen Name Redacted 6/02/2021 11:03 AM	Healthy food options at events should be very important. Advertising of local places that offer healthier options would be great.
Screen Name Redacted 6/02/2021 05:35 PM	Include complementary health care workers in these initiatives, modalities like Naturopathy have so much to offer in these areas.
Screen Name Redacted 6/03/2021 11:43 AM	This should already be happening. What is the Shire doing???
Screen Name Redacted 6/03/2021 07:54 PM	Promotion and financial support of the local Farmers Markets. Buying fresh and buying local needs a big push to change the norm of buying cheap from national supermarkets. Provide free talks and kids education at the markets
Screen Name Redacted 6/03/2021 09:09 PM	Support for local growers by allowing sale of fresh fruit and vegetables from roadside stalls. Support for local growers by easing rates and other costs.
Screen Name Redacted 6/03/2021 09:11 PM	The Shire should assist people within the shire who want to start a sustainable good food farm, rather than blocking their efforts or forcing them to pay ridiculous development fees and business charges.
Screen Name Redacted 6/03/2021 09:18 PM	Have local challenges and maybe even discounted gym fees for existing members at the local gyms to promote access to personal trainers.
Screen Name Redacted 6/03/2021 09:55 PM	Most of these points are beyond a local shire. The shire should focus on the physical, that they can build or grow that will promote health and

well being. Start with: Stop approving fast food outlets and the over abundance of alcohol shops in Byford. Don't build schools next to shops where kids load up on sugar as they walk into school. Encourage kids to walk to school by providing safe paths ( George street byford is bad!) the parking on George street is not safe, should be angled parking. There's footpaths that just end. Go nowhere. Encourage developers to have a percentage of land dedicated to 1/2 acre or acre blocks for people to grow more food and be active in their own home. Grow fruit trees and edibles in parks and reserves. Plant more natives in reserves and parks to promote bees. Advertise volunteer groups to tend these areas...I can't find any volunteer groups in Sj shire, they're there somewhere but can't find them. More volunteer groups, the sew a recycling shopping bag group, weeding group, the beautifying round about group, tending waterways group....etc something easy every age can join in. Every foot path should have rows of trees so people can walk in summer in the shade. More likely to walk and less sun damage. Build more foot paths. Major ones to encourage people to run, walk, bike to Armadale, mundijong, Serpentine Byford and Thomas road. Connect us all with safe paths away from roads. All business should be reducing waste etc not just schools. Everyone. Ban fast food using single use plastic. More recycling soft plastic drop offs. Like Europe, build drink fountains so people can refill bottles and not buy. Italy has fountains that have tap water, refrigerated water or sparkling. True!! I filled my bottle. More rubbish bins every where and

right next to them, recycling bins.  
 Rush through the Fogo bin. Educate  
 the shire residents of HOW to  
 recycle. The yellow bins are full of  
 rubbish that's not recycled ( ironically  
 the shopping bags they buy) All the  
 workshops you mention are on  
 internet or the TV. Interested people  
 know all about it. It's the people that  
 show no interest that need educating  
 and they'll never go to your work  
 shops. Build a few car charging  
 stations. Promote orchards and  
 market gardens that sell produce at  
 the gate on you social pages. I don't  
 think most people know they're there.  
 Plant more plants on school verge,  
 roundabouts etc we haven't enough.  
 Well that's my two cents. I'd love to  
 see some of these ideas up and  
 running. Hope this helps! Lynda

I would also suggest that the Shire  
 support and better promote our local  
 SJ Farmers Market. As the market is  
 doing an amazing job by supporting  
 all our local farmers and producers in  
 the area. As the market doesn't  
 appear to be supported by the Shire  
 which is a shame because what  
 better than a local farmers market  
 that provides freshly grown local  
 produce 😊

Screen Name Redacted

6/04/2021 08:34 AM

Stop building houses on arable land -  
 We are running out of space to grow  
 food Grow fruit and vegetables for  
 free community picking on verges  
 and in public open spaces

6/05/2021 07:24 AM

Would be wonderful if these things  
 can go ahead in a simplistic manner  
 so those of us providing these things  
 don't get list in the paperwork As  
 an exploding small business fitting  
 99% of these things I have trouble  
 finding time to to read and respond  
 to the pages and pages of  
 requirements. Maybe an officer who

can help directly would be awesome  
they do good at what they do ... me  
not so much . I'm good at what I do  
Would be great to share a shirt and  
work together Nicki Mcswain  
Mission with nutrition

Screen Name Redacted

6/05/2021 09:43 AM

Supporting or encouraging local food  
growers to do non gmo and pesticide  
free farming (organic). Education in  
schools/communities about the  
benefits of whole foods and the  
negative affects on health caused by  
junk food/processed food/sugar etc.  
Free whole foods cooking classes.  
Emphasis on delicious local healthy  
foods at sporting/community  
events/markets.

6/08/2021 12:23 AM

You currently have a local farmers  
market that fits into your local food  
action plan, which you do not  
promote or support. You do not  
promote this market to the  
community as a place to go to buy  
healthy farm fresh produce while  
supporting local farmers. You do not  
support local small farmers, assist  
with them developing their farm  
sustainability or farm growth but  
would prefer to hinder, deny, delay  
their farm production. The shire on a  
whole does not support its  
community.

Screen Name Redacted

6/08/2021 01:28 PM

Local business that provide food  
products in bulk like Glass Jar  
Mandurah or Wasteless Pantry  
Mundaring. Reward Food Gardens in  
the Garden competition.

Screen Name Redacted

6/09/2021 06:26 AM

Fresh fruit / veggie market open  
7days in the are would be good

Screen Name Redacted

6/09/2021 08:10 AM

Support local initiatives instead of  
battling them

Screen Name Redacted

6/10/2021 10:15 AM

Increasing Shire support for groups  
that are actively involved in

---

	producing and promoting local food consuming opportunities eg, Food and Farm Fest, Serpentine Jarrahdale Farmers Market that is held weekly.
Screen Name Redacted 6/10/2021 12:27 PM	Fund workshops which are more hands on rather than power point presentation workshops ... engage more with young families in the shire especially Byford and Whitby
Screen Name Redacted 6/10/2021 08:19 PM	Teaching young ones to prepare and cook meals in their own home
Screen Name Redacted 6/11/2021 09:55 PM	Schools and early learning centres should be encouraged to grow vegetables and fruit, including gardening as part of their education and the produce can be used for snacks and lunches. Teaching children where their food comes from will encourage healthy eating.
Screen Name Redacted 6/14/2021 09:45 AM	No
Screen Name Redacted 6/14/2021 09:50 AM	Our Shire needs to support the local stall holders.
Screen Name Redacted 6/14/2021 09:52 AM	Make paperwork easier to do and maintain for mini businesses. Have support to help in doing paperwork/permits. Keep it simple.
Screen Name Redacted 6/14/2021 09:58 AM	providing safe spaces for breastfeeding - depends what safe spaces means - shouldn't all spaces be safe?/
Screen Name Redacted 6/14/2021 10:01 AM	Encourage and assist local primary and secondary producers to grow and expand their businesses. Make approval processes more streamlined & cheaper and encourage home businesses so more people are able to grow, produce & sell food in the region because cost wise it is viable.
Screen Name Redacted	I feel like schools & home

---

6/14/2021 10:04 AM  
environments should be encouraged to eat healthy. Events, festivals, markets etc are the occasions people 'love' a treat food so should not be limited.

Screen Name Redacted  
6/14/2021 01:26 PM  
Start with young children at schools & teenagers.

Screen Name Redacted  
6/14/2021 01:27 PM  
Limit the number of fast food outlets in the area. Encourage / support fresh food retailers e.g. Spud Shed to open up in the area.

Screen Name Redacted  
6/14/2021 10:14 PM  
Support local farmers and their regenerative practices. Be supportive of soil health and local farm initiatives.

**Optional question** (30 response(s), 50 skipped)

**Question type:** Essay Question

### Q3 | Do you have any additional comments?

Screen Name Redacted  
6/02/2021 11:03 AM  
Nope :)

Screen Name Redacted  
6/02/2021 05:35 PM  
Extremely supportive of anything waste reductive, gardening and growing food and healthy food

Screen Name Redacted  
6/03/2021 07:54 PM  
Promote social media platforms that encourage sharing of home grown food. Grow Local. Encourage vegetable and fruit tree verges in the Shire.

Screen Name Redacted  
6/03/2021 09:11 PM  
The shire should stop blocking or delaying approval for existing local farmers who wish to expand or produce add-on products to sell from their farms. The shire should be encouraging and supporting farm gate sales and sustainable farming by approving applications in a timely manner rather than deliberately dragging the process out.

---

<p>Screen Name Redacted 6/03/2021 09:18 PM</p>	<p>When providing exercise equipment at parks, ensure they are maintained and not feeling like they're "falling apart" for those wanting to use them to get fit.</p>
<p>Screen Name Redacted 6/03/2021 09:55 PM</p>	<p>The railway line could've been built underground from Thomas road to Aberbethy road in Byford. It would've created a nature reserve and walks between Larsen road and Thomas road. At the shops the train track could've been a park where food stalls, markets and mini orchard grown. Could've, would've been amazing. Could've been the town centre like most towns in Europe have.</p>
<p>Screen Name Redacted 6/03/2021 10:01 PM</p>	<p>More shire involvement with locals and to better support programs that are in place</p>
<p>Screen Name Redacted 6/05/2021 09:43 AM</p>	<p>Excellent initiative!!!</p>
<p>Screen Name Redacted 6/08/2021 12:23 AM</p>	<p>I believe that the Shire will not change and has no intention of following through with this action plan as the Shire will continue to road block any small farm or primary producer.</p>
<p>Screen Name Redacted 6/09/2021 06:26 AM</p>	<p>Please provide fresh fruit /veggie market</p>
<p>Screen Name Redacted 6/09/2021 08:10 AM</p>	<p>Listen to the answers instead of this being another lip service survey</p>
<p>Screen Name Redacted 6/10/2021 10:15 AM</p>	<p>The Shire needs to urgently address its planning approval systems for local farmers trying to diversify and increase local food production.</p>
<p>Screen Name Redacted 6/10/2021 12:27 PM</p>	<p>Use a bigger range of workshop facilitators.. the shire seem to fund the same people all the time doing the same workshops ... being in some diversity to the mix</p>

---

---

<p>Screen Name Redacted</p> <p>6/11/2021 02:56 PM</p>	<p>This is a good idea</p>
<p>Screen Name Redacted</p> <p>6/11/2021 09:55 PM</p>	<p>The shire could plant fruit trees to improve street scapes and provide the community with free fruit. It's done in other parts of the world</p>
<p>Screen Name Redacted</p> <p>6/14/2021 10:01 AM</p>	<p>Visiting other Shires such as Mundaring, which is very progressive in these areas would be helpful. Check out their Farmers' Market etc. Producers in our Shire are very restricted with what they can sell.</p>
<p>Screen Name Redacted</p> <p>6/14/2021 10:14 PM</p>	<p>Further support for SJ Food and Farm Alliance, SJ Farmers Market and the workshops/ cooking classes/ educational presentations run at the CRC. Support local community to thrive.</p>
