Good afternoon,

Heavy Vehicle Services (HVS) has received an application to add the following section of road(s) onto the Restricted Access Vehicle (RAV) Network:

Road No.	Road Name	From Location (SLK)	To Location (SLK)	Current Network	Requested Network
1080046	Norman Rd	South Western Hwy (0.00)	Robertson Rd (1.68)	N4	N2.3
1080076	Robertson Rd	Norman Rd (3.29)	Driveway (4.27)	N4	N2.3

If you require further information to assist in determining support for this application, please contact the applicant directly.

Please provide HVS with any comments relating to road condition, planning conflicts, development issues etc. that may be impacted by adding the above road(s) onto the RAV network.

Please be aware if the road is deemed unsuitable to be added to the relevant RAV network when assessed it may be considered for a Restricted Local Access Permit (RLAP). This permit is for individual access to a road with a specific combination and with suitable conditions to mitigate any risk.

It would be appreciated if you could provide your comment to HVS within four (4) weeks of this email to enable HVS to consider any potential issues as part of our assessment process.

It is important to ensure that any comments are provided with sufficient reasoning, as this may be used to justify the decision to the applicant.

Should you require any further information or assistance regarding this request, please contact the HVS Route Assessment team on 138 486 or hvsrouteassessments@mainroads.wa.gov.au

Kind Regards,

Comments: Please detail any community concerns, required conditions and other relevant information.
 If RAV access is endorsed, as the road owner please specify any access conditions that you would like Main Roads to consider (i.e. No operation on unsealed road when visibly wet, without road owner's approval, Headlights to be switch on at all times etc.)
If RAV access is not endorsed please provide reasoning behind your decision.
 NOTE - If condition CA07 (Current written support from the Road Asset Owner, endorsing use of the road, must be obtained, carried in the vehicle and produced upon request.) is required, the road owner is responsible for the administration of condition CA07.

Road Owner Support
 As the road owner you are required to conduct a preliminary assessment of the requested road/s to ensure there are no obvious issues that would deem RAV access unsuitable. The preliminary check should be carried out using the criteria outlined in the [Framework for Applying to have a Local Government Road Added to a Restricted Access Vehicle Network](#).

	On behalf of	
I support the above decisions, subject to Main Roads final approval.
