

SUMMARY OF SUBMISSIONS

Orton Road, Oldbury 928 (L233) 173001 - Proposed Telecommunications Tower – PA20/585

Submitter	No	Submitter Comments	Officer Comment	Officer Recommendation
	1	We have no objections to the proposal	Noted	No further Action
	2	<p>We purchased this property just over a year ago for its clear open aspect and now we find Telstra wants to put up a massive concrete phone tower right next to our front entrance.</p> <p>As there are phone towers already in place to the north and south, within line of sight of our house I don't see a need for any more towers to be constructed.</p>	<p>Noted, Officers are not in support of the proposal due to the visual impact on the streetscape or property to the west.</p> <p>The applicant has submitted information demonstrating that the proposal cannot be co-located.</p>	No further action
