

# Petition to Council

Your name: Stephanie Griffiths

Your home address: 69 Blair Road, Oakford

Your contact telephone number: 0400 909 001

To the Shire President  
Shire of Serpentine Jarrahdale  
6 Paterson Street  
Mundijong WA 6123

Your contact email address: stephanie.griffiths@cewa.edu.au

Date: 21st January 2025

We, the undersigned request that Council considers:

the concerns expressed by residents of Blair Rd, Oakford & surrounds in relation to the Structure Plan for Stage 2 of the Doobarda Business Park and in particular the proposed roundabout at the intersection of Blair Rd and Rowley Rd which will enable direct access between the Stage 2 area and Blair Road, and accordingly:

1. the Shire advise the City of Armadale and the Western Australian Planning Commission (WAPC) of its objection to this aspect of the proposed Structure Plan; and 2. should the Structure Plan and roundabout be approved by the WAPC (without any restriction on access to Blair Road), that the Shire commence investigations into traffic mitigation measures that could be implemented to minimise the impact on Blair Road from traffic from the development.

A summary of the reasons for this petition is:

The City of Armadale have advertised the Stage 2 Structure Plan for public comments; the Stage 2 area is estimated to generate approximately 10,000 vehicle trips per day onto Rowley Road; the primary access road to Stage 2 is proposed to be located opposite Blair Road; a full movement roundabout is proposed at the intersection of Rowley Road, Blair Road and the new primary access road, with no restrictions preventing vehicles from Stage 2 using Blair Road; Blair Road is already used a shortcut to get from Rowley Road to Nicholson Road and vice versa, so as to avoid the Rowley Road and Nicholson Road intersection; Blair Road is not constructed to a standard to accommodate the likely increased traffic volumes or regular use by trucks and larger vehicles; residents feel that the overall amenity of the area will be greatly reduced, there will be an increase in safety issues for residents (including children & horses) and increased damage to Blair Road's surface if the proposed roundabout is approved with direct access between the Stage 2 area and Blair Road; Blair Road is a local road under the control of the Shire and therefore the need to address traffic impacts on Blair Road from the development will rest with the Shire."
