

NEW SUMMARY OF SUBMISSIONS
PA21/47 - South Western Highway, Keysbrook (L251) 43300 - 'BOLINDA VALE'
Change of Use - Nature Based Camping Site

Submitter	No	Submitter Comments	Applicant Comment	Officer Comment
		<p>We submit that there should be fire extinguishers located at each campsite or thereabouts. There are no issues with phone reception in the area so there is no need to provide telephones.</p> <p>In relation to the length of stays, subject to the equipment of the camper, there should be no limit imposed on the length of the stay.</p> <p>Comfort will dictate the length of the stay. We note that there are towns nearby so campers can stock up/refresh if required.</p> <p>We support the application of the camping permit being made in the above terms and note that the application is in relation to tents and rooftop tents only. It does not include camper trailers or caravans.</p>
