hollyr

3/02/2021 10:15 AM

Great idea, aslong as it is monitored and maintained!

jc

3/02/2021 02:23 PM

With surrounding bushland a designated area for dogs is not necessary. Also, people don't pick up after their dogs as it is.

Missjane

3/02/2021 11:42 PM

If the shire turns the oval into an exercise area for dogs where will the log chop be. Where will our local fore brigade training be. We use the oval to train our fore fighters.. the oval should be maintained and be there for all locals to use. We should have our own local football team and cricket teams and others.. but poor old jarrahdale gets pushed to the side and nothing gets done unless it's meant to look like Byford. And we are not Byford..

scallywags

3/03/2021 01:22 AM

We need to make sure people can easily exercise and train their dogs to keep the dogs social and obedient , it may also cut down the number of dogs poisoned by 1080 when exercised in the bush and protect the wildlife .

Paige410

3/03/2021 10:54 AM

Most local Jarrahdale residents currently use the oval for more than just exercising their dogs, so limiting the oval to single use takes away our ability to use it for personal exercise and practising sport with our kids in between their formal sport training. I also homeschool my son and have often gone down to the oval to do various PE to help fulfill Ed Dept requirements. If you take away the ability to use the oval as individuals need then you are making it harder for residents to enjoy living in our beautiful town. I, for one, will not travel to elsewhere to do my activities far away when we have this public space around the corner, it's just not convenient to do so. I've seen people running and exercising there, flying kites, kids playing with their RC cars, impromptu family games of cricket, kicking balls etc. Please don't limit us on the use of this oval, the locals love and respect this space as it is. I do have one complaint...the grass could be maintained better. It used to be nice once, many years ago, but now the grass is mostly dried up and weed-ridden. It would be nice if the concentration was to make the oval green again and keep it maintained so it is nicer and safer to use. And then there's the issue of the Log Chop event. This is an event that has run in Jarrahdale for many years, and has become so widely known that each year the event has drawn more and more crowds. It is also a very important event for locals and our community groups and school. We all do not want to see this event disappear, like what happened to our market. Ok, I've had my say on my thoughts on behalf of my family and our community. Please SJ Shire, listen to what our community wants and needs.

Ashe

3/03/2021 11:10 AM

Will this limit the oval use to dogs only, or can the community use it as it has always been used for exercise, kids sport practice, log chop ect. I will not agree to it if it limits it's usage unless the council creates another space /oval

Off Leash Dog Exercise Area Designation - submission form : Survey Report for **25 February 2021 to 24 March 2021**

for the community to use

Chestnuts Resident

3/03/2021 12:41 PM

WE need to have an oval for the kids to use, the log chop and the community in general such as the schools for interschool carnival. There is enough areas for dogs to be walked.

Rose63

3/03/2021 08:44 PM

A couple of park benches and dog drinking bowls, would be good. Fencing would have to be secure

miker

3/03/2021 09:22 PM

can we please have the dirt track that is miller rd bitumenized

Raewyn

3/03/2021 10:25 PM

Hi, I would prefer the oval remand as a multi use oval. As a regular user of the oval, I have seen people exercise their dogs here in a very respectful manner, people use the oval for kicking a football, archery, softball and some people just come and sit. The best improvement to the oval would be to provide water so that it doesn't become a dust bowl full of weeds and maybe even a couple of goal posts for footy practice. A dog exercise area as in like the ones in other suburbs are actually a dangerous place to take dogs, it only takes one aggressive dog to ruin a playful dog. The maintenance required to ensure the dog area is well watered and equipment etc kept in good condition would be of a high cost. Therefore object to the proposal and suggest some reticulation or watering and maybe some goal posts would be a far better option. Also the grounds are used for rescue helicopters, log chop and other events which would benefit from the oval being maintained with grass. Thank you

grannyr

3/03/2021 10:52 PM

As dogs are not allowed in the forests, dog owners are mostly only able to exercise their pets around the streets. This can be hazardous when traffic is constantly passing and there are no pavements. An securely enclosed exercise area i.e the oval would be an excellent alternative to the streets.

DAyres

3/05/2021 08:15 PM

I feel the Oval should be accessible to everyone and used as it is now. I do not think it should be made into a designated dog area, people can already exercise their dogs there and have done so for a long time. There are also plenty of other areas around Jarrahdale to exercise dogs.

Webby

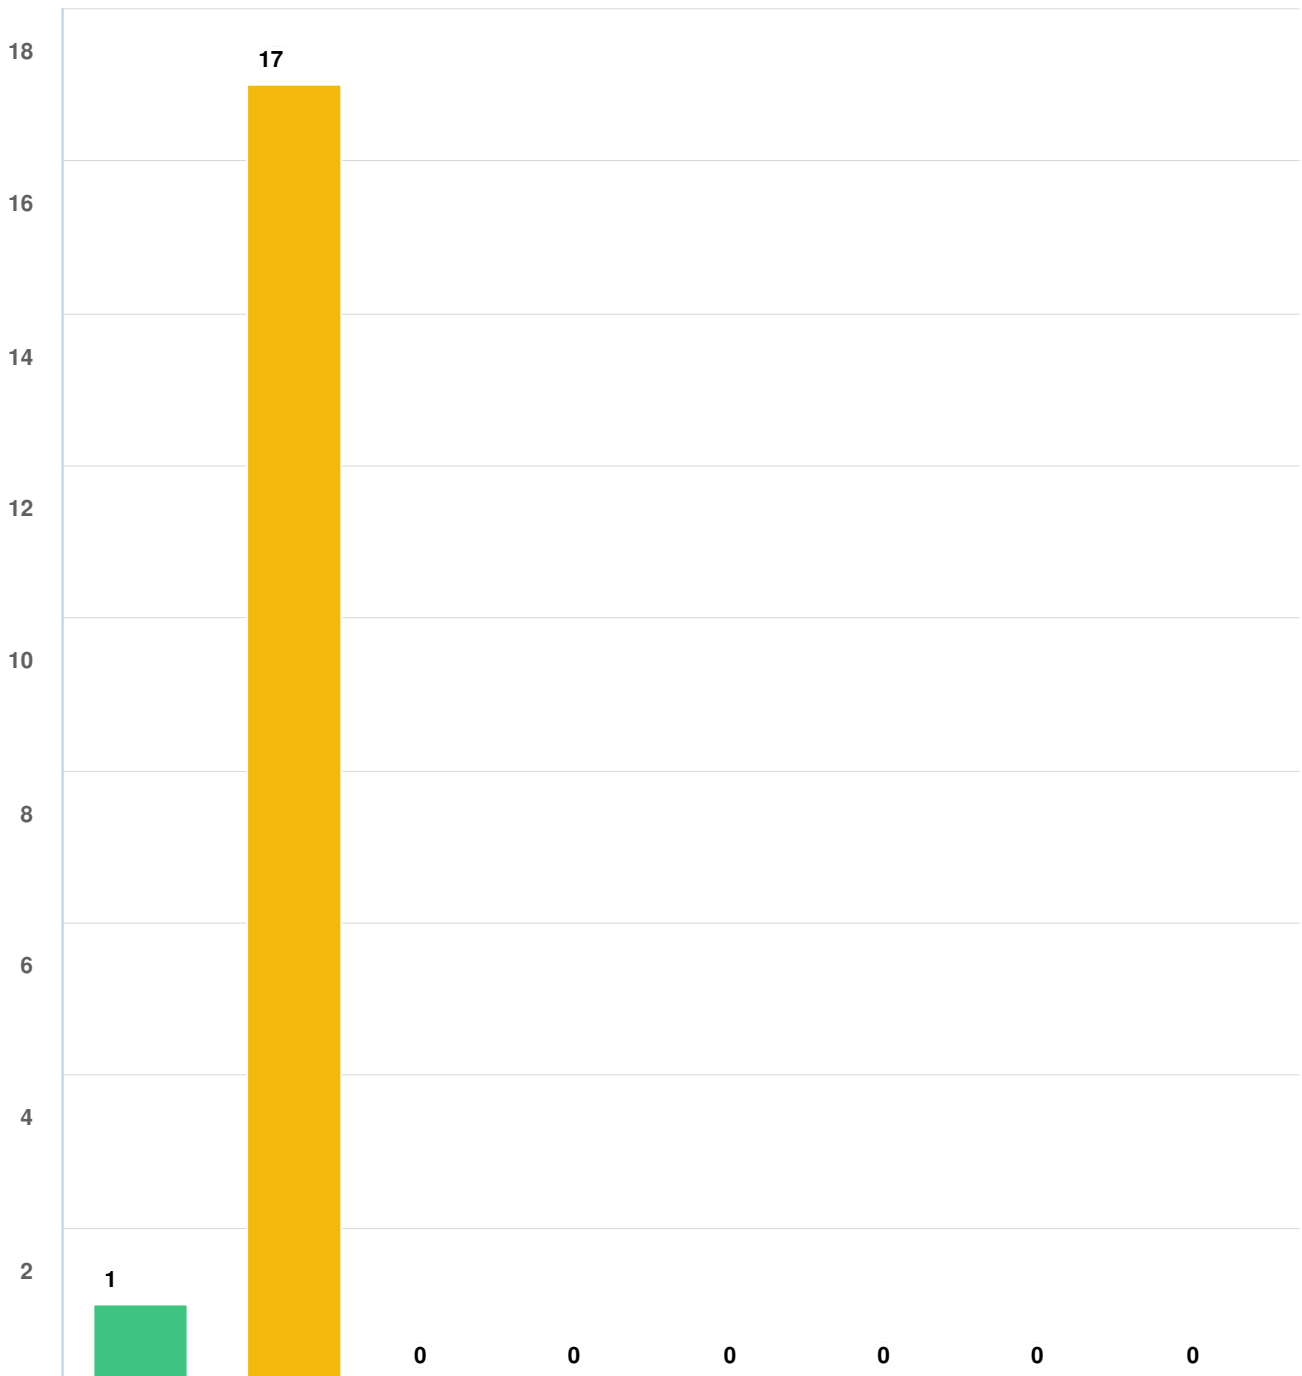

3/06/2021 10:13 AM

I feel the area does need a bit of an upgrade including permanent fencing, and consideration should also be given to its current uses including events.
