Hello,

I would like to retract my submission of my opinion on this proposal that I did via your new portal about a week ago. At the time I wasn't fully aware of what it meant and stupidly went by what I had heard other members of the public were saying about it.

As I have since been enlightened via reputable sources to what this proposal entails, I would like to say that I am in favour to the Jarrahdale Oval being recognized as an off leash dog exercise area.

Regards,
