Dear Sir/Madam,

Re: PA21/178 – 357 Kiernan Street Mundijong

Jeff and Alison Whologan have lived in the Shire of Serpentine – Jarrahdale all their lives and their family history goes back to when the family owned and ran the town bakery.

Recently their daughter Corrine made the decision to purchase the family home and the five acres property from Jeff and Alison with the intent of being there to support her parents as they wish to live independently in a location they know well.

Jeff and Alison are active members of the community and still support local activities as well as getting out for a round of golf.

Corrine and her siblings know that retired people live happier, longer and healthier lives when they are independent and self-reliant with close family support.

The independent living addition has been designed around the Jeff and Alison's needs.

The addition has been designed to fit into the existing home's look and features as well as taking in the views of the property but keeping privacy for an independent lifestyle. The home will marry into the existing home by using the same bricks, features and colours (or as close as possible) to cause minimal impact visually to the neighbours and from the street.

We trust you will look favourably on these works as it will be a positive outcome for the family and the community with the family being able to stay around the area they know and love.
