It is stated that Pre-lodgement meetings with the Shire are encouraged. How does a resident organize a pre-lodgement meeting? Can the process of doing this be linked to a process to organize such a meeting.

Does this policy allow for semi-rural properties to be involved in Hippy camps(You camps) or similar information camping opportunities or only for registered caravan parks and campgrounds.

Think this proposal is a great idea although I am concerned about the lack of facilities/amenities for residents and visitors alike and the impact on traffic. We do not even have toilets at the public town park, the roads are a mess and if Jarrahdale is going to become a tourist town, there needs to be provisions for parking etc. I sincerely hope this will be taken into account and acted upon.

A well defined policy that allows short stay accommodation to be built on rural property will be welcomed. We would consider investing in such a business model giving immediate access to the Serpentine National Park for hikers and tourist with a country stay.
