

NEW SUMMARY OF SUBMISSIONS
PA21/64 – Cattach Way, Byford (L1285) 403133 – Proposed Home Business – Beauty Salon

Submitter	Submitter Comments	Applicant Comment	Officer Comments
1	Cattach Way does not have ample parking. There are two (2) car bays for 10 homes. The homeowners and their visitors should have first preference to these bays. I don't believe that the applicant can guarantee that her/his clients will park elsewhere.	<p>The two (2) bays on our street are hardly used. There is even an unlicensed vehicle that has been parked along the curb for over a year. There is also parking to the rear of the property, six (6) spots that are also vacant more often than not.</p> <p>I have been completing my training on models/family/friends for some time and have had no issues.</p>	Officers note that the proposal would result in additional vehicles attending the site/locality. The limit on a single customer at any one time and the limit to no more than two (2) customers after hours will ensure that there would not be an adverse impact by way of vehicles to the locality. For the reasons mentioned in the Report, Officers consider that traffic/noise is sufficiently managed.
2	There is not enough parking, especially on weekends/evenings when residents are home. Their dogs constantly bark now so will be even worse with people coming and going till 9pm at night.	<p>As for the dogs, ours only ever bark if there is someone in the alley way alongside our house or if the other dogs are barking in the street. It is for very short burst and is not constant. This is security for me as my husband works away and has deterred multiple unwanted visitors.</p> <p>Worst case, our dogs can be crated over the evening/weekend appointments if it was to be a problem, but it hasn't been whilst completing my training.</p>
