Toddler area														1														
Mud kitchen(bench). Old boat or truck. Toilet, bbq, gated, musical instruments, multiple play spaces catered	1	1	1		1	1	1						1	1						1								
Toilets, water fountains, BBQ, undercover area		1				1		1																				
Toilets and bbqs and shade		1	1					1																				
Open for all herb garden, an all purpose cafeteria, not governed by one specific menu,							1		1																			
Equipment for all ages. Accessible playgrounds. Trampoline, water play.						1																1						
Water fountains, gazebos, public toilets		1				1												1										
Bike track/Ninja course/Balancing obstacle course										1										1								
Toilets, water fountains.		1				1																						
Adventure playground																												
ToiletsBBQsSecure toddler areaShade / Gazebo Parking		1	1					1					1	1				1										
Swings, upgraded bike track from gravel to rubber, water play for hot summers. CAFE/COFFEE for parents!						1	1					1								1								
toilets, shade, water fountains, BBQs		1	1			1		1																				
Imagination play																												
Slides, swings, climbing, BBQs and toilets		1	1								1	1																
Bbqs and toilets		1	1																									
Water play, flying fox, toilets, BBQs, hire able areas for birthday parties with kitchen and cooking appliances	1	1	1			1												1										
Enclosed fencing, all abilities features, slides suitable for toddlers, in ground trampolines, plenty of shade	1	1		1		1		1					1	1								1						
Security				1																								
Loads of shade, ideally from natural trees similar to Kwinana adventure park. Large tall slides. Monkey bars for all ages / slides		1	1					1				1						1		1			1					
Toilets bbq good parking and fencing in toddler area for the youngins		1	1		1								1	1														
Cafe and public toilets function area for birthdays and kids party's		1					1																					
Separate areas for the kids based on age so the big kids aren't running amok with no care for the smaller ones. This happens at other regional parks														1														
Nature based																							1					
Gas BBQ, toilets,shade		1	1					1																				
Suitable for young kids and older kids, not just one demographic														1														
Toilets, shade and parking		1						1																				
BBQ, Toilets, Water Play, natural textures such as ropes, woods ect.		1	1			1																	1					
Fenced off park, coffee shop/ sea containerA different sort of playground not the usual wooden poles that is around this area. City of armadale				1			1				1																	
Needs toilets, a kiosk would be amazing		1					1																					
Public toilets, disability wheel chair swing and access, access for schools or groups to attend and have bbqs		1	1																								1	
Toilets and fencing around perimeter		1		1																								
Play that caters for toddlers and bigger children.Climbing ropes / nets, slides, etc											1	1		1														
Bookings for parts of park for birthdays, bbqsWheelchair swing	1	1	1																								1	
Need meeting places for increasing number of locals with young families, grand kids etc. Serpentine is continually overlooked. There is no place for families to meet, locals to hangout and no where for tourists to come and hang out and experience														1										1				
Paterson street Mundijong																												
Small water play area for the warmer months & obstacle course for kids of all ages						1																						
Playground plus public conveniences																												
Perimeter fencing, inside the fence include toilets, bike track, small Cafe, large grassed area for kicking	1			1			1									1												
ToiletsFenced surroundingMixed ages play equipment		1																										
Fence around park, areas that allow play for smaller children as well as areas for older children. Clem Kentish would be great as the bike track				1																								
Toilets and bins		1																										
Bike Pump track BasketballSwingsFlying foxClimbingToiletWater bubblesPicnic benches	1	1									1	1					1	1		1	1							
Definitely a park sitting area undercover for all weather. Toilet facilities with rubbish bins to keep the area tidy	1	1																										
Water play, large climbing structure											1																	
Restrooms (change facilities if building a Water/wetpark), BBQ areas/Gazebos. Bookable covered outdoor kitchen area for parties			1			1													1							1		
Toilets as a priority! A water play area would be fantastic		1				1																						
Playground, bike track, bbq/picnic area. Water play if funds allow			1			1											1											
BBQ facilities and toilets. The park next to the Catholic Church in Serpentine would be a nice location to have	1	1	1																									
Toilets, cafe / kiosk.		1					1																					
Free BBQs, toilets, nature walking/running path's with lighting, water playground and use for food trucks,		1	1																									
A bike pump track for the kids																												1
Slides, bike pump track, water fountain, monkey bars, flying fox, shade						1		1				1						1										
Nature play, water playground						1																						
Updated toilet facilities Water playZipline over sand/Floor is lava' type courseIn ground trampoline An under 5 areaSkate Park that scooters can use							1																					1
Toilets, outdoor bbq, rideable and climbing equipment		1	1									1																
Toilets		1																										
Inclusive outdoor creative natural play spaces that include climbing, swinging, creative play, musical and will room for high and low ropes plus flying foxes for each level. Needs picnic facilities including a toilet block												1					1	1					1					1
Flying fox, pump track, climbing frame											1							1										
Gated area for safety. Picnic/bbq tables undercover, toilets		1	1					1																				
Toilets, bbq area and areas for the little to big kids- plus all access features for people with diverse needs (sensory play equipment)		1																									1	1
gazebos and toilets etc to be able to hold small functions (birthdays etc), to associate with the area keep with a native/farm animal theme																			1									
Lots for them to do																												
Big open equipment																												
Toilets, bbqs, areas for toddlers to play and areas for older children to play. Lots of trees and grass areas like the park on the coast		1	1																									
picnic tables, bbq's, shade and definitely toilets, and a pavilion that could be hired for family celebrations, lighting for safety and entertainment			1																									
All age and all ability space																												
Bbqs, toilets, all ages play area		1	1																									
Water play, pump track, slides and swings

The avenue bike track Shipwreck park Sienna wood			1			
Kwinana adventure park is the best I've seen. Shipwreck park is also a good starting point, review option for splash park features.	1		1			
Ship wreck hilbert  Springtime playground haynes  I know it's not local but volcano park in belmont	1					
No						
Bibra Lake is a great example of a picnic park done well		1				
Kwinana adventure park. Honey wood park adjacent to the honey wood markets.	1			1		
Kwinana adventure park. Its almost entirely shaded by trees. Good for every ability. My daughter could play on most things at this park (with help) before she could even walk.	1					
We haven't seen one park with all of the ideas, but Serpentine have a lovely big park close to the river. Unfortunately, we don't know the name.						
Gosnells has a very good park						
Robot Park, Armadale, Bibra Lake Playground		1				
<a href="https://www.katanning.wa.gov.au/development/projects-initiatives/all-ages-playground.aspx">https://www.katanning.wa.gov.au/development/projects-initiatives/all-ages-playground.aspx</a> this is not a neighbouring council though good info on their website at the link . Banksia Grove pitstop park <a href="https://banksiagrove.com.au/living-in-banksia-grove/parks-and-playgrounds/">https://banksiagrove.com.au/living-in-banksia-grove/parks-and-playgrounds/</a>						

Q4 (Are there any regional parks in neighbouring local governments that you would like us to consider good ideas from for our regional park?)						
	Kwinana Adventure Park	Bibra Lake	Shipwreck park (Hilbert, Haynes, Sienna wood)	Honeywood park (Wandi)	Mandurah Western Foreshore / Brightwood (Baldivis) / Golden Bay/Secret harbour	Mokare park/ Woodbridge park / Robot park / Gosnells (Holmes str) / Donnybrook / Kings park
	51	21	17	11	4 or 5	3
Prefer Kwinana adventure park for trees and underbuilding play spaces are naturally shaded for summer. Large roofed area that is paved for gatherings (don't bother a building - just have 4 bbqs) 2 on each end and cobvers and water for cleaning and proper drainage and toilets nearby	1					
No						
Kwinana adventure playground	1					
Not locally, by Aveley (City of Swan) has a fantastic park with a rat wheel and climbing walls - it would be worth a look for inspiration. Belmont Volcano park is another really great park with lots to do and space to do it in. Aveley has a lovely natural water play area in this park. It is not attached to any schools, ovals or sporting facilities which is great.						
Kwinana adventure park	1					
Parks in hilbert						
Adventure Park- Kwinana Mills Park- Beckenham Woodbridge Park- Woodbridge	1					
No						
Fleming Reserve, High Wycombe. Volcano Park, Belmont Woodbridge Play Space, Woodbridge.						
Robot park in Piara Waters is good. The new park in Mandurah is also good.						
John Dunn						
Byford is not regional						
Serpentine						
Kwinana adventure park, Austin lakes	1					
Kwinana adventure	1					
My kids love the new park in waroona

No lacking in this department						
Kwinana	1					

Q4 (Are there any regional parks in neighbouring local governments that you would like us to consider good ideas from for our regional park?)						
	Kwinana Adventure Park	Bibra Lake	Shipwreck park (Hilbert, Haynes, Sienna wood)	Honeywood park (Wandi)	Mandurah Western Foreshore / Brightwood (Baldivis) / Golden Bay/Secret harbour	Mokare park/ Woodbridge park / Robot park / Gosnells (Holmes str) / Donnybrook / Kings park
	<b>51</b>	<b>21</b>	<b>17</b>	<b>11</b>	<b>4 or 5</b>	<b>3</b>
Kwinana Adventure Park. Bibra Lake Regional Playground. Maylands Waterland. Geraldton Foreshore Playground - fenced sports area - incorporates basketball, soccer, rock climbing wall on outside, could also incorporate tennis wall on outside.	1	1				
Further out of Byford the better so that all the absolute feral tweens and teens cant get there easily.						

Q5 (What do you like about the regional park you have identified in question 4?)	Wide range of facilities (inclusive and unusual)	Facilities for young kids/toddlers	Shade/ Trees/ All weather walkways	Large open space	Water play	Safe (Enclosed)	BBQ/Picnic	Nature play	Toilets	Pump track/ Flying fox/ Trampoline	Covered seating for adults	Bookable facilities for parties etc	Cafe	Parking	Other / Well maintained	
255	64	30	20	20	19	17	15	15	14	13	10	8	4	4	2	
The water play area																
All of the above		1		1	1	1	1	1				1		1		
Big areas. Lots of different equipment and facilities, fenced in, nature play	1			1	1	1						1	1			
Nil																
Family orientated greenspace																
Adventure Park has a wide range of playground equipment for a wide range of ages. I like that it gets closed and we'll looked after. It had a reporting method advertised if you saw something that needed maintenance.	1															1
Natural, gets the imaginations run.								1								
Activities for different ages and skills																
Challenging things	1	1														
The variety of things to do that cater for all ages. As a parent of a toddler and a pre teens. It's hard to find areas that cater to all of them. Theres toilet facilities at all or nearby all of those parks. One has a permanent onsite cafe. Fenced in areas as well.	1												1			
It's away from byford																
Accompany facilities - BBQs and toilets essential																
Cater for age demographic	1															
Different, large and lots of play options children don't get bored as easy	1															
no																
That it has something for everyone from young children to any disability	1															
The area and kids facilities	1	1														
Has parking bays																1
All regional parks have all age appropriate play spaces, water play, public toilets and are fun enough to spend hours at.		1			1					1						
All abilities are catered for. They are enclosed for child safety. They have plenty of shade. And they have very limited open drop offs from high platforms which is much safer than some other playgrounds.	1		1			1										
Up and coming community need more facilities																
Kwinana - Size of the park. Amount of parking. Great facilities ie toilets, bookable pavilion for birthday parties. Built amongst the trees for natural shade.																
Mokare - play equipment fantastic for all ages! But no toilets and minimal parking.																
Shipwreck park - play equipment fun. Space for birthday parties great. Shade and natural landscaping very poor and dissatisfying.																
Honeywood - good equipment for younger kids. No toilets.	1		1													1
No idea haha																
It's a large area with lots of room for everyone and lots for kids to do winter and summer	1															
It's nice and green with lot's of trees in the area. It's fully enclosed and fenced in. It has BBQ areas with gazebos.				1		1	1									
Growing area with not a lot of public play grounds																
N/a																
All ages inclusive	1															
Caters to multiple ages, enclosed, seating for parents and water play in the summer time.	1				1						1					
The kids love the variety.	1															
N/A																
It's big enough for bbqs and families, equipment has height and climbing interactive. Has a small kids area and bigger kids area. Also had a space for disability kids	1															
Na																
The rope / climbing options, rthe slide options and the various table / seating options.	1										1	1				
Well set out, accessible	1															
In all of them you can go, know the kids are going to be happy, from toddlers to older kids but can also walk the dog then have lunch and coffee so it becomes a lovely time out and all are happy.	1															
Paterson street Mundijong																
Suitable for all ages	1															
It has activities for all ages of kids and you can spend hours there.	1															
Designated areas for different age groups, cafe and toilets close. Spread out play zones, not overcrowded in one area. Lots of natural vegetation included in the play zones.	1								1		1		1			
- Water playground accessible to all.																
- Playground built around the natural environment using natural shade.																
- Security systems and cameras for safety.																
- Hireable under cover area for kids party's.																
I like that they all have areas for older and younger children	1															
Not much. The trees.			1													
Water, natural materials, enclosed area, skatepark / pump tracks.					1			1		1						
That they are very large so it can be busy but doesn't affect it to be overcrowded. Also they are both fenced in so no kids can escape.				1		1										
Size and range of play options for kids	1															
https://www.kwinana.wa.gov.au/city-life/facilities-and-public-spaces/venues-and-facilities-for-hire/the-patio-at-kwinana-adventure-park																
The water park and combined garden/playgrounds					1			1								
Play equipment for all ages, plenty for the kids to do. Beautiful places to picnic	1						1									
Already shaded trees in Serpentine. Would just need to add a great playground, landscaping, toilets, comfy seats and BBQ facilities.			1				1		1		1					
It's large and caters to all ages, brings people to the town ( destination, spend money at local businesses )	1															
N/A																
Heaps of kids use them and have a blast	1		1				1		1			1				
Variety, flying fox, amenities, shade										1						
Something for all aged children including safe place for young children.	1	1														
Space																
Nature based equipment																
All ages (including older kids) can use it																
Not boring																
Parking, amenities nearby								1	1						1	
Byford has every thing already there and done																
Big Playground					1											
Inclusiveness. Bike or scooter tracks and ramps. Open-ended play facilities. Natural rather than plastic.	1							1		1						
Pump track											1					
Large open space					1											
a section for the littlies with a push rollercoaster, sound making area, water fountain sandpit area nature play, tractor, climbing frame and then really big slides with climbing links for the big kids. In ground trampolines, toilet and bbq facilities with covered benches and toilets. It's an attraction for tourists and is a wonderful community spot. This is what the area needs. I think base the theme on a local feature- like the Serpentine Falls. A small pump track would be good- which Donnybrook put next door to the park. A nearby cafe or allowing coffee trucks would be amazing.	1							1			1					
being able to book gazebos at Kwinana adventure park for functions, also has a water play section for kids, plenty of grassed area for picnics and shade from trees.			1	1	1		1		1			1				

Q5 (What do you like about the regional park you have identified in question 4?)	Wide range of facilities (inclusive and unusual)	Facilities for young kids/toddlers	Shade/ Trees/ All weather walkways	Large open space	Water play	Safe (Enclosed)	BBQ/Picnic	Nature play	Toilets	Pump track/ Flying fox/ Trampoline	Covered seating for adults	Bookable facilities for parties etc	Cafe	Parking	Other / Well maintained
255	64	30	20	20	19	17	15	15	14	13	10	8	4	4	2
N/a															
Big area, plenty of different obstacles for the kids. Lots of seats and bbq's for parents.	1			1			1								
Lots of grass area and trees															
They have seated areas with bbqs and toilets			1				1		1						
There is a great variety, still plenty of nature, great for families	1	1						1							
Lots of space and nature play aspects				1				1							
Kids love the "ship wreck" side, creates imagination	1	1													
Different from others															
There is lots of different things to do, it's gated, there is a bike track as well as playground, gives kids lots of options.	1					1				1					
Central to the Shire and high population of your families															
Identify native plants and animals, the interaction with water					1			1							
Fits in either its surroundings, it has activities for all ages	1	1						1							
1 STOP PARK that caters for age's and all weather conditions	1		1												
Bibra Lake has a fenced playground and no dogs allowed in the playground, good toilets, lots of shade, other spaces for people to exercise and walk dogs			1			1			1						
Nature play elements, open ended - encourage risky play	1							1							
The kids loved it!! Flying fox, really cool fort like structure (kwinana) that all different ages enjoy. You can sit and watch the kids in the shade on the lawn area.			1							1	1				
Keeping in theme with nature and bbqs with covered seating							1	1			1				
its large and attracts many people															
Very good for young children lots of places to play and explore	1	1													
It's a large area with plenty for kids to do. It is under many trees so there is a lot of natural shade over the playground. It also has a bike skill track nearby which is fantastic.			1	1						1					
Has lots of space and sporting facilities	1			1											
Sculptures, child interest, more than one section, natural materials	1	1						1							
Close to town.															
Large available space															
Near courts oval and school				1											
The range of options when it comes to play (different areas for different ages, all abilities, water play)															
Keeping the mature trees and adding in more greenery. All four parks have done a great job doing this. (Again with the shade factor, more is better. More is great)															
Skate park at Mills Park is very good.	1	1	1		1										
The different areas to play for all ages, the facilities i.e toilets, picnic areas the kwinana adventure park I love how many original trees are still there providing shade	1	1	1				1		1						
Variety of activities and areas for children															
Fully fenced															
Grassed areas															
Seating and hire Pavillion for kids parties (Kwinana)															
Plenty of shade (Kwinana)	1	1		1		1									
Been enclosed, water park, big area and lots of shade for hot days			1	1	1										
The set up is well thought out and the children can experience nature play and use their imagination while using the play area. The safety fence and gates are a brilliant idea as you are able to find a spot to set up and the children are always in the range of being able to see them explore and not fear they have disappeared and out of sight.															
The water play area is fenced off from the play area and the set up is safe and assessable for all. Parents and carers are able to watch them inside that area.															
The skate park is close by and well thought out with all it contains.															
With many different areas, this park caters for all.	1					1									
Lots of variety for all age groups. Sand play, water play, slides, swings, climbing frames.	1	1			1										
They have a bit of everything for all ages	1	1													
Kwinana Adventure Park main playground is great. Kids love the water play too.															
Mokare Reserve Adventure Playground has a fenced toddler playground which is done perfectly.					1	1									
Large, flying fox										1					
No sand, toddler friendly, fenced in.		1				1									
Seated Flying fox										1					
No															
Caterpillar Park has a gated area where kids have the freedom to run in a large area safely. The climbing frame and walk in Rivergums is fantastic as is the round swing and the musical pipes.			1	1											
Water play					1										
Range of equipment, more challenging obstacles and unusual equipment i.e.3 swings in a triangle	1														
Good water play and good bbq/toilet facilities.					1		1		1						
Shade! Water play! Toilets!			1		1				1						
Area for kids to play, with a range of activities															
Big open lots of play equipment and water	1			1											
Gated															
Shelter															
Safe for the kids						1									
Diversity of features, all ages. Kwinana adventure park has lots of shade.	1	1	1												
I feel byford really needs to consider the younger toddlers, Byford have no toddler friendly playground for children to easily access.		1													
Nil															
Families go for barbeques and picnics throughout the year...fosters a great family spirit							1				1				
Water play, fantastic size, fenced, hireable spaces for events and party's				1	1							1			
There is so much to do. Smaller toddler area is similar to the big kids area but has smaller slides.															
Its entirely shaded by established trees that drop gumnuts and sticks which enables nature based play. I think in total it has 9 swings.															
It has toilets.															
The best park	1	1	1					1							
There are a lot of shade provided by big trees. BBQ facilities with benches with tables where you can eat and grass where you can enjoy a picnic. Benches where parent/grandparents can sit and watch the children playing. Public toilets nearby. I'm not sure if they have a "room" where parents can change nappies etc. & a toilet, but that would also be great.			1				1		1		1				
Picnic spot, barbeque, walking trail, child playground		1					1								
interesting for the children	1														
Katanning suitable for adults and children. lighting for evening use . Banksia Grove, kids cycling area .										1					

Q5 (What do you like about the regional park you have identified in question 4?)	Wide range of facilities (inclusive and unusual)	Facilities for young kids/toddlers	Shade/ Trees/ All weather walkways	Large open space	Water play	Safe (Enclosed)	BBQ/Picnic	Nature play	Toilets	Pump track/ Flying fox/ Trampoline	Covered seating for adults	Bookable facilities for parties etc	Cafe	Parking	Other / Well maintained
255	64	30	20	20	19	17	15	15	14	13	10	8	4	4	2
-Whitby playground: use softfall for climbing structure															
Sienna Wood Explorer Park: tree structure that is challenging and exciting yet safe for young and older children alike (steepness of tube slide and head clearance is important!)															
-Gliding features like flying Fox /ills Park Gosnells has a good natyure stepping stone path under existing trees / brush.															
-Shade so the space is usable in summer (Kwinana Adventure)															
- Sand should be limited to one area only as it gets hot in summer															
- Use fake turf for a natural slide covering a steep slope	1	1				1									
N/A															
It is amazing and you can spend all day there	1														
There is alot of space and activities, no matter how many kids you get playing in the area. The facilities are big enough for adults to use with their children as well.	1	1									1				
I like the options of walkways in the trees and many different areas of play for all children. Also an accessible park.	1		1												
State of the art playing and exercise	1														
Adventure park has some great inclusive play areas where a person in a wheelchair/mobility aid can enjoys moving around the play equipment. They also have sensory walls, a lot of disc swings, water play park, and grassy areas to sit.	1			1	1										
NA															
They have play equipment for all ages	1	1													
They are fenced, have play equipment for all ages, have facilities, are fenced/gated, follow a fun theme for children.	1	1				1									
Pump track and playground	1									1					
I don't want Byford															
Na															
Facilities for hire, toilets, all ages	1	1							1			1			
Large open space which caters for wide age groups and families	1	1		1											
The pump track is awesome, water play, playgrounds for bigger kids and younger kids. It's perfect.	1	1			1					1					
We are in desperate need of a park upgrade with new families flocking to Serpentine															
It's large, fenced in and good security				1		1									
Fenced in, coffee shop nearby, variety of toys for all ages.	1	1				1							1		
Its close to me															
We need more parks to draw inspiration from															
Water play															
Lots of seating and lawn space				1	1						1				
Lots of different types of play options and features for all ages and abilities and for all seasons. Useful for events like birthday parties and social gatherings. Security.	1	1				1						1			
You have to travel a bit from Byford and Armadale so it limits the trash people tang can get there															

Q6 (To assist the Shire with advocacy please provide some reasons why you think the community would benefit from a 'Regional Playground' in SJ?)	Growth in families	No decent playgrounds/ youth facilities	Area south of Mundijong being neglected in this regard (possibly leave out - Serpentine centric)	Community bonding / integration	Economic development /Tourism	Encourage outdoor play / learn gross motor skills / Active play / Inclusivity	Community hub, Health & wellbeing, Education, recreation, community pride, long term investment
	55	53	48	24	18	16	3
The community of SJ is attracting growing families. There isn't currently any decent playgrounds in serpentine and this could become a fantastic attraction	1	1					
To cater for the growing number of families in the shire. Encourage physical and social development of children, and imagination and creativity. Rest point for travellers.	1						
They other regional playgrounds are so far away make then not accessible for many parents and children.		1					
There is literally nothing here for young children who live south of byford		1					
We dont currently have anything		1					
A social gathering point for families. Many of us currently travel outside of the area for parks equipped like this.	1	1					
Serpentine is a booming suburb in the shire of SJ. A lot more development is happening in the streets, a lot more baby's are being born.. would be nice to have an up to date playground to take them to as they grow up.	1		1				
Serpentine could really do with a good park. So many families are moving here and it would bring so much more to Serpentine	1		1				
There aren't many decent play areas in Whitby, Mundijong, Jarrahdale or Serpentine and it would be good for areas outside of the Byford area to benefit from having such a space.			1				
Somewhere for my kids to go without having to go to byford.			1				
Space in which brings people together on common ground, promoting engagement.				1			
Serpentine has lots of kids and is quickly growing, we don't have much, things come and quickly go. It would be nice for the town but also to bring business back into the town it will draw people to the area who might bring income to local businesses			1		1		
Serpentine itself doesn't have enough play for younger children, parents usually have to travel outside of the region to find appropriate play for their children			1				
Mundijong is the centre however has limited parks and with new families in Whitby and Mundijong it would be a benefit.			1				
New to the area with a growing family.	1						

Q6 (To assist the Shire with advocacy please provide some reasons why you think the community would benefit from a 'Regional Playground' in SJ?)	Growth in families	No decent playgrounds/ youth facilities	Area south of Mundijong being neglected in this regard (possibly leave out - Serpentine centric)	Community bonding / integration	Economic development /Tourism	Encourage outdoor play / learn gross motor skills / Active play / Inclusivity	Community hub, Health & wellbeing, Education, recreation, community pride, long term investment
	55	53	48	24	18	16	3
The community would benefit from this so much because there isn't many nice big playgrounds that you can spend hours at locally that are all age appropriate. It will gain more people to the area which will benefit local businesses aswell.		1		1	1		
Because there is no large playground in the SJ area similar to that of Shipwreck in Hilbert		1					
Young families getting into outside activities. Parks too far away at present.Family time. Sj nice walking distance for everyone around.	1						
It would encourage the community to stay within the shire and encourage other local communities to visit. I visit a playground every week outside of the shire because our options here are boring for our child's age group or short on facilities ie toilets, large parties/gatherings.	1			1			
Because all the parks in the shire are below average to the park close by shipwreck and kwinana adventure park		1					
Serpentine gets missed and once the Taven in serpentine opens we will have nothing else this will bring people to the area and then they can relax and enjoy a meal bring more profit to our beautiful area			1		1		
We don't have much in the shire and the local playgrounds are pretty basic.		1					
Because it is a growing community with young families and will only continue to grow. Byford already has several play grounds and open space areas.	1		1				
Serpentine needs something/anything. I know it will help bring people to visit our lovely community.			1				
To engage a young community, typically young children, and their families.  Build on southwest tourism as a stop on the way down south	1				1		
We need it. Sooooo many kids	1						
I think the community would benefit from a regional playground in SJ that caters to all ages as the smaller parks by housing development agencies in Byford arent very "small kid" friendly. I have an 11 year old, 5 year old and a 2 year old and other than percys park (a small park) there is no where I can take them all.							

Q6 (To assist the Shire with advocacy please provide some reasons why you think the community would benefit from a 'Regional Playground' in SJ?)	Growth in families	No decent playgrounds/ youth facilities	Area south of Mundijong being neglected in this regard (possibly leave out - Serpentine centric)	Community bonding / integration	Economic development /Tourism	Encourage outdoor play / learn gross motor skills / Active play / Inclusivity	Community hub, Health & wellbeing, Education, recreation, community pride, long term investment
	<b>55</b>	<b>53</b>	<b>48</b>	<b>24</b>	<b>18</b>	<b>16</b>	<b>3</b>
Somewhere for the young kids to play and the adults to sit back and relax with a coffee	1			1			
It's a large growing shire and feels to be one that has a family vibe to it so anything for kids is great	1						
<p>We don't have a lot in serpentine for the kids, we moved into the area and my kids have to travel ages for anything that's fun and brings the community together for the kids to hang out.</p> <p>A lot of parents in serpentine are posting for play dates because there is not local hang out.</p> <p>Serpi has a great community feel, but no place to actually gather as a community.</p> <p>Byford and other areas have that community space and we want serpentine to grow with families and be a place that's got an old school community where people know each other and have a safe plays to come together.</p> <p>It's hard work driving so far for parents and families to go to baldivis and byford to have things that they can do in the community.</p> <p>I'd like to see the families in serpent have a place to come together that's safe and not far</p>			1				
We need decent parks in the shire. So many families looking to move into the area and a regional playground would entice more people.	1						
I think there aren't enough regional playgrounds in the shire. I also think the ones we do have are more focused in Byford, which means those of us serpentine have a distance to drive to find something like this for our children			1				
Help with village feel, parents could meet up with young children	1			1			
We have an amazing area but emphasis seems to be building g houses but there seems to be little consideration given to creating and fostering a sence of belonging, community and encouraging us to LIVE in our towns and be part of the community, a supportive, extended family.	1			1			
Paterson street Mundijong							

Q6 (To assist the Shire with advocacy please provide some reasons why you think the community would benefit from a 'Regional Playground' in SJ?)	Growth in families	No decent playgrounds/ youth facilities	Area south of Mundijong being neglected in this regard (possibly leave out - Serpentine centric)	Community bonding / integration	Economic development /Tourism	Encourage outdoor play / learn gross motor skills / Active play / Inclusivity	Community hub, Health & wellbeing, Education, recreation, community pride, long term investment
	55	53	48	24	18	16	3
Serpentine often gets overlooked when it comes go infrastructure but there are so many young families out here now & we need better facilities at Clem Kentish especially now that rugby is hosted there	1		1				
We lack activities for children. Kiernan park once fully developed is the perfect place for it. Open spaces for people to move around a place for kids to run and have fun. It is also central as the shire grows, which it is.	1						
Increased tourism. Allows families visiting the area (day trip) to have a place to relax between visiting other tourist attractions. Allows a space for play groups to be able to operate without taking over the whole playground.	1				1		
<ul style="list-style-type: none"> <li>- Growing family community.</li> <li>- Increase value of area and attraction of visitors for local businesses.</li> <li>- A meeting place for family's</li> <li>- All the other playgrounds in the area are really average or a waste of resources. Each council has an iconic playground and we don't have one.</li> </ul>	1	1		1			
There is a large population of children in the community and large outdoor park will encourage outdoor play and connection with the community. Will also attract other families for nearby suburbs to visit our shire	1						
We are a booming council with a large younger demographic, the importance of place attachment and learning about you environment happens when there is easy access to the environment/nature.	1	1					
Provide a safe location for families to gather, entertain and interact with others within the community.	1			1			
It is Soo needed in the shire!!! As a mum of 3 school aged girls, if we want to go to a playground that is decent size we always have to drive out of the shire.which ends up being usually a 30min drive and I'd much rather not have to drive so far! Especially with fuel prices.	1	1					
Lack of quality play spaces currently in the SJ Shire (most play areas are small or lack a variety of activities to cater for a wide range of ages/ abilities)		1					

Q6 (To assist the Shire with advocacy please provide some reasons why you think the community would benefit from a 'Regional Playground' in SJ?)	Growth in families	No decent playgrounds/ youth facilities	Area south of Mundijong being neglected in this regard (possibly leave out - Serpentine centric)	Community bonding / integration	Economic development /Tourism	Encourage outdoor play / learn gross motor skills / Active play / Inclusivity	Community hub, Health & wellbeing, Education, recreation, community pride, long term investment
	55	53	48	24	18	16	3
I and other parents i know often travel out of the shire to visit other localities adventure parks. having something closer by would be much better, and be a draw card for the area.	1				1		
Playgrounds get kids out of the house and using their gross motor skills which are essential for great development, the social side is also amazing kids always make new friends when playing at a fun and innovative park.						1	
Serpentine community would benefit from an upgraded play area as it would bring more people to our beautiful town and create a nice space for people to gather and socialise, improving community ties			1	1			
Bring tourists into our lovely town of Serpentine. Mums, bubs, friends/family catch ups. A footpath from the nature playground in Serpentine to the Falls would be awesome!!			1	1			
Serpentine needs a draw card, nothing in town currently that brings people into town. Need a cafe kiosk, bring people into town to spend money at local businesses.			1				
Bc Serpentine doesn't have a regional playground. We only have the childrens playground at Clem Kentish oval.			1				
Serpentine town deserves something, everything always ends up in poxy byford or should I say south Armadale.			1				
There aren't any at the moment. Parents are having to venture outside the shire to entertain their children and having somewhere closer would bring community together for connection opportunities			1				
Kids need to be outside more, with opportunities to play safely. Not on the streets						1	
Something to the southern end of the Shire is needed. For all the youth to use and share. Somewhere that families can go and enjoy.	1		1				
Serpentine has nothing and what we do have is damaged or broken			1				
Serpentine needs something for the kids to do and draw in people			1	1			

Q6 (To assist the Shire with advocacy please provide some reasons why you think the community would benefit from a 'Regional Playground' in SJ?)	Growth in families	No decent playgrounds/ youth facilities	Area south of Mundijong being neglected in this regard (possibly leave out - Serpentine centric)	Community bonding / integration	Economic development /Tourism	Encourage outdoor play / learn gross motor skills / Active play / Inclusivity	Community hub, Health & wellbeing, Education, recreation, community pride, long term investment
	55	53	48	24	18	16	3
So many young families are living in the shire of SJ. Outdoor open- ended play is perfect for children and teens to get them out of the house and off the technology. It is scientifically proven that the opportunity for creative play is essential for good mental health.	1					1	
Serpentine is always neglected.							
No large playground areas in the shire. Particularly with many houses being on such small blocks gives children the opportunity to play and develop their gross motor skills and be outside in nature.	1					1	
It would not only be a very much needed service for our community, and bring generations together, but it also would be a draw card for visitors to our natural sites.	1				1		
I think it would bring more families to visiting the area, it seems to always be us travelling outside of the Shire to enjoy things like this, it would nice to be the one people travel to.		1					
Because our kids have no where to play in mundijong and if they want mundijong to grow then a park is a good thing to put in		1	1				
Serpentine has next to no amenities			1				
Lots of children and families would benefit from parks in the area other than leaving to surrounding suburbs to use other parks							
I think it will bring the community together, a lot of the parks around are not well equipped or inclusive, it would be an asset to the Shire and if it is done well will attract people to our area. I personally have travelled to Donnybrook, corrigin, Pinjarra, the Swan valley, to take the grandkids to fun playgrounds.		1		1			
There is nothing like it in our shire and having it at the sporting complex would give littles something to do whilst the bigs are playing sport		1		1			
The community is growing fast however we lack facilities to cater for everyone. Not many options in Serpentine	1	1	1	1			
Whitby is full of flowing families so having a big play ground for families to gather would be beneficial for the entire community		1	1	1			
There are so many families here that have to travel a fair distance to get to a decent playground so having one closer would help each and every family here!!		1					

Q6 (To assist the Shire with advocacy please provide some reasons why you think the community would benefit from a 'Regional Playground' in SJ?)	Growth in families	No decent playgrounds/ youth facilities	Area south of Mundijong being neglected in this regard (possibly leave out - Serpentine centric)	Community bonding / integration	Economic development /Tourism	Encourage outdoor play / learn gross motor skills / Active play / Inclusivity	Community hub, Health & wellbeing, Education, recreation, community pride, long term investment
	55	53	48	24	18	16	3
Nice for the kids to have something to do in the open air						1	
Serpentine needs an attraction for people visiting the area			1				
Because we have very little in the way of playgrounds in serpentine, it would be great to have a nice big new play area for parents to bring their kids that you don't have to travel a minimum of 15-20 mins to access. With our growing community it would be a extremely beneficial to have this as another attraction to Serpentine.			1				
The location would be used more an all year round, Alot of Young families are moving into the shire and mundijong doesn't have a space like this that caters to families. The future extension of the area and having this would be central as the established hub for the shire.	1	1	1				
With a growing population and many young families in the area, it's vital that we provide adequate facilities to meet the needs of our community. No one's kids should grow up without a playground nearby.	1	1					
Serpentine has nothing, as a growing suburb with a changing demographic shifting from retirement to young families serpentine is desperate for this. Will be very disappointing if yet another investment is made in Byford and serp or mundi is ignored again.			1				
Would help attract more attention to our local business's and tourist attractions eg. Local coffee shop, tractor museum, the Falls.					1		
Not having to travel too far for a nice playground. Bringing the community together. Bring money into the town especially if we had a Pub, Cafe and decent independent supermarket and opportunity for some independent gift stores etc		1		1	1		
Something for the kids to do on this shire		1					
Funding would give opportunity to refresh and rebrand a tired facility restoring pride in Serpentine town if done right and promoted well could bring visitors to town and promote small business to reopen or extend hours			1		1		

Q6 (To assist the Shire with advocacy please provide some reasons why you think the community would benefit from a 'Regional Playground' in SJ?)							
	Growth in families	No decent playgrounds/ youth facilities	Area south of Mundijong being neglected in this regard (possibly leave out - Serpentine centric)	Community bonding / integration	Economic development /Tourism	Encourage outdoor play / learn gross motor skills / Active play / Inclusivity	Community hub, Health & wellbeing, Education, recreation, community pride, long term investment
	55	53	48	24	18	16	3
They're great for getting families out into the community. Playgrounds are fantastic for building so many skills for children and as far as I am aware, we don't have many big playgrounds within the shire that cater for a range of ages.	1			1		1	
the growing number of families with young kids will surely enjoy this addition. It will promote a healthy outdoor lifestyle and strengthen family bonds	1			1		1	
Serpentine has nothing to attract visitors it would benefit most from having a reason to spend the day there.			1				
Serpentine is growing extremely fast with many more young families.	1		1				
Demographic wise we are a family suburb. If the kids want to go to a splash park at the moment we are heading to Kwinana in order to do that (20kms+ each way IF you live in Byford, more for those in Jarrahdale or Serpentine). With the number of children in the shire I feel need for a larger regional park is justified.	1	1					

Q6 (To assist the Shire with advocacy please provide some reasons why you think the community would benefit from a 'Regional Playground' in SJ?)							
	Growth in families	No decent playgrounds/ youth facilities	Area south of Mundijong being neglected in this regard (possibly leave out - Serpentine centric)	Community bonding / integration	Economic development /Tourism	Encourage outdoor play / learn gross motor skills / Active play / Inclusivity	Community hub, Health & wellbeing, Education, recreation, community pride, long term investment
	55	53	48	24	18	16	3
<p>1. Community Hub: A regional playground could become a central gathering place for families, fostering a sense of community spirit and belonging.</p> <p>2. Health and Wellbeing: Providing a space for outdoor play encourages physical activity among children, contributing to better health outcomes for the community as a whole.</p> <p>3. Inclusive Recreation: A regional playground can be designed to accommodate children of all abilities, ensuring that everyone has access to play and social interaction.</p> <p>4. Tourism and Economic Boost: A standout playground could attract visitors from neighboring areas, benefiting local businesses such as cafes, shops, and accommodation providers.</p> <p>5. Family-Friendly Environment: Enhancing the community with a regional playground creates a family-friendly atmosphere, attracting young families to settle in the area and boosting population growth.</p> <p>6. Educational Opportunities: Themed play areas and interactive features can offer opportunities for learning and exploration, complementing formal education and sparking children's curiosity about the world around them.</p> <p>7. Natural Connection: Designing the playground to integrate with the surrounding natural environment can foster appreciation for nature and environmental stewardship among children and families.</p> <p>8. Socialization and Recreation: A regional playground provides a safe and fun environment for children to socialize, make friends, and develop important social skills</p>				1	1		1
<p>Because we have lots of little playgrounds but kids over 5 get bored with them very quickly.</p> <p>None are suitable for older kids, none are suitable for birthday parties, none have toilets meaning families can't stay for more than 1/2 hr to an hr.</p>	1	1					
<p>Because the park around are small and have to travel far for a water park when its hot</p>	1	1					

Q6 (To assist the Shire with advocacy please provide some reasons why you think the community would benefit from a 'Regional Playground' in SJ?)							
	Growth in families	No decent playgrounds/ youth facilities	Area south of Mundijong being neglected in this regard (possibly leave out - Serpentine centric)	Community bonding / integration	Economic development /Tourism	Encourage outdoor play / learn gross motor skills / Active play / Inclusivity	Community hub, Health & wellbeing, Education, recreation, community pride, long term investment
	55	53	48	24	18	16	3
<p>I've lived in the shire (in Serpentine) for nearly 35 years. I've seen a lot of changes and today, I see a huge issue with the towns of Serpentine, Mundijong and Jarrahdale missing out on necessary and important family setups such as good (or better than what they have now), play parks, better skate parks, etc... to help families and young teens have places to safely socialise. Byford is already built up and have so much more already. It's about time our other smaller towns are made more appealing and tidied up better than how they look atm.</p>			1				
<p>We have lots of children in the area from many different backgrounds. Great for kids to meet new friends, develop their motor skills and for fun play.</p>	1					1	
<p>Ever growing young families and the current play grounds are limited</p>							
<p>As someone with a slide-loving 3 year old, we frequently visit new parks south of the river. A park like this in the area would be great for locals and also bring in visitors from all around perth.</p>		1			1		
<p>Unfortunately, I think the park is quite rundown and not usable for all ages. The skate park is a fishbowl that if a small child guardian would be able to get out and it's actually quite dangerous.</p> <p>The bike track is been falling apart for a very long time. Jobs are dangerous and most of it's unusable.</p> <p>Playground is rundown old</p>		1	1				
<p>Because alot of us toddler Mums from the SJ shire are driving to the All Abilities playground. As a rate payer why should I drive to another shire to utilise a suitable playground for my child.</p>		1					
<p>Serpentine is a growing community with not many amenities. It would be nice to bring people into the area, with the new developments etc.. lots of young families. Would be nice to not have to drive to these sorts of places. Byford already has lots of amenities.</p>			1				
<p>Somewhere great to take the kids besides the small pretty simple areas we have in Whitby already Needs to be out of Byford though to really benifit the rest of the shire</p>		1	1				

Q6 (To assist the Shire with advocacy please provide some reasons why you think the community would benefit from a 'Regional Playground' in SJ?)	Growth in families	No decent playgrounds/ youth facilities	Area south of Mundijong being neglected in this regard (possibly leave out - Serpentine centric)	Community bonding / integration	Economic development /Tourism	Encourage outdoor play / learn gross motor skills / Active play / Inclusivity	Community hub, Health & wellbeing, Education, recreation, community pride, long term investment
	55	53	48	24	18	16	3
Having a regional playground would enhance the living area for locals (specifically if it was located OUTSIDE of Byford). It could be a draw card to bring more tourism to the area and, if in a place like Clem Kentish, would further promote local treasures and increase foot traffic for places like our Tractor History Museum and even the Old School.			1		1		
There's not a lot of choice right now with playgrounds in walking distance from everyone. We just moved here and went for a walk around trying to find somewhere for our son to play but nothing that wouldn't have taken us ages. This would be amazing	1	1					
So children can benefit from our outdoor play, Serpentine needs an updated playground to bring it in line with other towns.			1			1	
It the fastest growing community in WA however is quite far from regional parks with good facilities.	1	1					
Cause we lack fun and safe areas for our children to play on.		1					
Giving local children activities within our community		1					
We have loads for families here.	1	1					
There's nothing within Serpentine or mundijong to take young kids and a playground to keep them entertained. It's at least a 15/20 min drive for a good playground		1	1				
Growing young population with very limited current facilities.	1	1					
It's simply needed we have nothing like alot of our neighbouring suburbs		1					

Q6 (To assist the Shire with advocacy please provide some reasons why you think the community would benefit from a 'Regional Playground' in SJ?)							
	Growth in families	No decent playgrounds/ youth facilities	Area south of Mundijong being neglected in this regard (possibly leave out - Serpentine centric)	Community bonding / integration	Economic development /Tourism	Encourage outdoor play / learn gross motor skills / Active play / Inclusivity	Community hub, Health & wellbeing, Education, recreation, community pride, long term investment
	55	53	48	24	18	16	3
<p>Enhanced Community Well-being:</p> <p>Social Interaction: A regional playground serves as a central hub where families and children can gather, promoting social interaction and fostering a stronger sense of community.</p> <p>Physical Activity: With a variety of play equipment, children have the opportunity to engage in physical activities, which is essential for their physical development and health.</p> <p>Economic Benefits:Local Economy Boost: Increased foot traffic to the playground can benefit nearby businesses such as cafes, restaurants, and retail stores, stimulating the local economy.</p> <p>Tourism Attraction: A well-designed, attractive regional playground can draw visitors from surrounding areas, enhancing the Shire's profile as a family-friendly destination.</p> <p>Inclusivity and Accessibility:</p> <p>Inclusive Play: A regional playground can be designed to cater to children of all abilities, ensuring that every child has access to recreational opportunities.</p> <p>Community Integration: By providing a space where children and families from diverse backgrounds can come together, the playground promotes inclusivity and social cohesion.</p> <p>Educational Value:</p> <p>Learning through Play: Playgrounds are essential for child development, offering informal educational opportunities where children can develop cognitive, motor, and social skills through play.</p>				1	1	1	1
For all the reasons above...fostering good family spirit				1			
Demonstration of the shire being a fantastic location to live and play, attraction of visitors to the local area supporting business					1

<p>The shire has no water play space anywhere aside from serpentine dam where we are told to swim.</p> <p>We also need wheelchair accessible play equipment for children with disabilities...the entire shire has none other than nature play with gumnuts found on the street. A child in a wheelchair not able to play on a merry-go-round when other kids can sends the message they dont matte, and reduces their engagement with the community and play with other children of any ability.</p> <p>Only 2 playgrounds have public toilets...and they are small playgrounds. Lack of toilets at playgrounds limits their potential for community use like shire events or local small birthday parties.</p>		1				1	
<p>It brings old and young together in the community. While the adults can get to know each other they can also watch their children making friends and develop all their skills that is so important like social, creativity, motor, cognitvity flexibility skills etc. In a playful manner. People start to look out for each other and other children not just your own.</p>				1		1	
<p>Bringing the local community together will benefit all.</p>				1			
<p>somewhere for families to go, placed in a central location for the whole shire.</p>	1						
<p>play for all ages is important for a healthy community . being able to travel locally for free entertainment that gets people active has a flow on benefit for physically and mentally healthy individuals and families and builds connection between residents. so many properties in the newer developments have very limited outdoor space which does not encourage being outside. many of our open spaces and smaller playgrounds in the shire are only suitable for a small number of people and parking at some e.g.Percy's Park , Byford is inadequate</p>	1	1	1				
<p>- Huge tourist draw, so many families spend on food and local businesses due to driving and eating at a local regional playground, e.g. Kwinana Adventure</p> <p>- It also becomes a market stall and event space, e.g. honeywood Farmers markets &amp; movie nights (Hilbert Shipwreck)</p> <p>-Ample carparking is crucial and drainage</p>					1

I feel there is a lack of large scale playgrounds in the area. What is available appears to be located in new housing estates but are too small which limit play particularly across different aged cohorts of children.	1	1					
It would benefit residents in our Shire. Do t have to go elsewhere to have a great park/facilities. Need water attractions							
Kids need variety to assist their learning, the parks around SJ aren't great, most a pretty generic. Interactive play is important for kids. We need to encourage kids and parents to be outside and enjoying play outside.						1	
We have the largest population of children in WA, having a good playground area for them to grow and develop would be amazing	1	1					
Stay active more outdoor time						1	
Considering how many children there are in Byford, it would be great for them to have a park kids of all accessibilities can access. This encourages inclusion and community participation for people with disabilities. Accessible parks are also great for parents with toddlers and babies because they move around the park with a pram whilst engaging with their toddler.	1	1					
We have got so many young children and older children in our community and we find trying to think what to do in our community difficult so I think a really cool massive playground fit for everyone would get so much use by all	1	1					
Serpentine is a growing community we have such a range of ages and it would be amazing to have a new playground.	1	1	1				
Serpentine has barely any facilities in town worth of children playing on - it currently has an old plastic playground that isn't suitable for toddlers and isn't fenced. Serpentine is close to the falls and other great trails - having a beautiful playground would assist in having more families visit the area and the national park.		1	1				
We have nothing in serpentine		1	1				
Because serpentine gets nothing! The population is growing but the amenities are dwindling		1	1				
Promotehealtg and wellbeing to the younger genertion	1	1					1

Serpentine needs a park like this, growing community and more young families wanting to move away from overcrowded suburbia - would give the kids somewhere to love close to home		1	1				
The area is a bustling family zone and needs a commonAI nature space for events.	1					1	
A great park brings family's to the region					1		
Enjoyment for families	1			1			
??? The amount of kids in the shire is more then the 4 back in the 1900s that the shire is stuck in	1						
Because we live on the outskirts we have much fewer options for playground access. As a growing region we would benefit from a regional playground, as it allows families a closer and better option than driving 15 minutes + and something to call our own rather than always driving to other neighbouring government areas.			1				
We need better playgrounds. The ones we have are too basic and boring		1					
Outdoor play is essential for young and old						1	
More things to do, especially in the rural part of the shire			1				
Draw people to the area to live with their families. Draw people to the area from other areas of Perth and close by country areas. Useful for social gatherings of many different types and of people of all ages and abilities.	1				1		
We don't have anything in Byford other than dog parks so we need one		1
