

Local Govt	Treatment ID	Treatment Type	Treatment Objective	Primary Asset Name	Asset Category	Asset Sub Category	Estimated Treatment Cost
Serpentine-Jarrahdale	7718	Mechanical Works	To reduce fuel loads surrounding the Jarrahdale Communications Tower infrastructure and the surrounding cable mounting structures by tree lopping and forestry mulching to 30m from the tower and 8m from the support structures prior to the 2021/22 South West fire season.	Jarrahdale Communication Tower	Human Settlement	Special Risk and Critical Facilities	\$55,000.00
Serpentine-Jarrahdale	7719	Mechanical Works	To reduce the fuel loads and provide vehicle access to the Reserve to allow for hazard reduction burning. 1. Uplifting of trees within the trail to 2m – 2.5m high to remove ladder fuel. 2. Removal of selective trees and uplifting of branches so an access track for emergency service vehicles (4x4 ute) can be established. 3. Minor leveling of soil mounds along new access track alignment. 4. Mulching of fallen and stockpiled vegetation throughout the trail. Large logs retained in situ for habitat. 5. Forestry mulching of the northern portion of the reserve, including branches, grassed areas, and pruning's. 6. Forestry mulching of stockpiled branches that are along reserve prior to the 2021/22 South West bushfire season	Salmon Bark Road, Coffey Road, Hall Road & Utley Road, Serpentine	Human Settlement	Residential	\$27,000.00
Serpentine-Jarrahdale	7720	Fire Access Road / Track(s)	Installation of a crossover at drain for access for fire appliances and spray vehicle for ongoing maintenance prior to the 2021/22 South West bushfire season	Salmon Bark Road, Coffey Road, Hall Road & Utley Road, Serpentine	Human Settlement	Residential	\$6,500.00
Serpentine-Jarrahdale	7721	Prescribed Burning	To reduce the fuel loads to under 4 tonnes per hectare by the use of low intensity hazard reduction burning prior to the 2021/22 South West bush fire season.	Salmon Bark Road, Coffey Road, Hall Road & Utley Road, Serpentine	Human Settlement	Residential	\$1,300.00
Serpentine-Jarrahdale	7722	Fire Access Road / Track(s)	Install limestone track to reduce the spread of dieback by vehicle movement and allow access for fire appliances. This treatment will go hand in hand with future prescribed burns prior to 2021/22 South West bush fire season.	53 Turner Road	Human Settlement	Residential	\$41,000.00
Serpentine-Jarrahdale	7726	Fire Access Road / Track(s)	Under pruning of vegetation in preparation for a prescribed burn.	Mead Street, Byford	Human Settlement	Residential	\$4,500.00
Serpentine-Jarrahdale	7727	Prescribed Burning	To reduce ground fuel loads adjacent to assets on Mead Street, Byford to under 4 tonnes per hectare prior to the 2021/22 South West bush fire season.	Mead Street, Byford	Human Settlement	Residential	\$3,000.00
Serpentine-Jarrahdale	7729	Access - Install Gates	Installation of gate to allow access by fire appliances and restrict off road vehicles thus reducing the risk of ignition prior to 2021/22 South West bush fire season.	55/65 Turner Road	Human Settlement	Residential	\$2,000.00
Serpentine-Jarrahdale	7741	Prescribed Burning	Prescribed burning of the grass tree skirts to aid in reducing ground fuels to 4 tonnes per hectare prior to the 2021/22 South West bush fire season	55/65 Turner Road	Human Settlement	Residential	\$2,200.00
Serpentine-Jarrahdale	8391	Mechanical Works	To under prune vegetation to a minimum height of 4.5m and minimum 4m width to allow access for emergency services vehicles prior to the 2021/22 South West bushfire season	Country Drive, Oakford Lots 101, 121, 122	Human Settlement	Residential	\$5,000.00
Serpentine-Jarrahdale	8392	Mechanical Works	To reduce the fuel loads to under 4 tonnes per hectare by slashing and the use of a mower mulch prior to the 2021/22 South West bushfire season	Country Drive, Oakford Lots 101, 121, 122	Human Settlement	Residential	\$5,000.00
Serpentine-Jarrahdale	8393	Mechanical Works	Installation of firebreak to provide access for emergency services vehicles prior to the 2021/22 South West bushfire season.	Country Drive, Oakford Lots 101, 121, 122	Human Settlement	Residential	\$6,000.00
Serpentine-Jarrahdale	8398	Prescribed Burning	To reduce the fuel loads to under 4 tonnes per hectare by the use of low intensity hazard reduction burning prior to the 2021/22 South West bushfire season	Country Drive, Oakford Lots 101, 121, 122	Human Settlement	Residential	\$5,000.00

Local Govt	Treatment ID	Treatment Type	Treatment Objective	Primary Asset Name	Asset Category	Asset Sub Category	Estimated Treatment Cost
Serpentine-Jarrahdale	8399	Chemical Works	To reduce weed growth across the prescribed burn area through the spraying of weeds	Country Drive, Oakford Lots 101, 121, 122	Human Settlement	Residential	\$5,000.00
Serpentine-Jarrahdale	8408	Mechanical Works	To under prune vegetation to a height of 4.5m and a width of 4m to allow access for emergency service appliances	Nicholson Road West, Oakford	Human Settlement	Residential	\$9,000.00
Serpentine-Jarrahdale	8411	Mechanical Works	To reduce the fuel loads to under 4 tonnes per hectare using a mower mulcher and slasher prior to the 2021/22 South West bushfire season	Nicholson Road West, Oakford	Human Settlement	Residential	\$5,000.00
Serpentine-Jarrahdale	8413	Mechanical Works	Installation of firebreaks to allow access for fire appliances. This treatment will go hand in hand with prescribed burning prior to the 2021/22 South West bushfire season	Nicholson Road West, Oakford	Human Settlement	Residential	\$5,000.00
Serpentine-Jarrahdale	8414	Prescribed Burning	To reduce ground fuel loads adjacent to assets to under 4 tonnes per hectare prior to the 2021/22 South West bushfire season	Nicholson Road West, Oakford	Human Settlement	Residential	\$12,500.00
Serpentine-Jarrahdale	8416	Chemical Works	To reduce the regrowth of fuel by way of chemical spraying	Nicholson Road West, Oakford	Human Settlement	Residential	\$3,000.00
Serpentine-Jarrahdale	8419	Mechanical Works	Under prune vegetation to a height of 4.5m with a width of 4m to enable access of emergency service appliances prior to the 2021/22 South West bushfire season	Nicholson Road to West, Oakford	Human Settlement	Residential	\$9,000.00
Serpentine-Jarrahdale	8420	Mechanical Works	Mower mulch and slash vegetation to reduce fuels to 4 tonnes per hectare prior to the South West bushfire season	Nicholson Road to West, Oakford	Human Settlement	Residential	\$2,000.00
Serpentine-Jarrahdale	8425	Mechanical Works	Installation of firebreak to enable access of emergency services appliances. This treatment goes hand in hand with future prescribed burn prior to the 2021/22 South West bushfire season	Nicholson Road to West, Oakford	Human Settlement	Residential	\$3,000.00
Serpentine-Jarrahdale	8427	Prescribed Burning	To reduce ground fuel loads adjacent to assets to under 4 tonnes per hectare through the use of low intensity burning prior to the 2021/22 South West bushfire season	Nicholson Road to West, Oakford	Human Settlement	Residential	\$8,000.00
Serpentine-Jarrahdale	8429	Chemical Works	Reduce ground fuels to under 4 tonnes per hectare through spraying toxic weeds and regrowth prior to the 2021/22 South West bushfire season	Nicholson Road to West, Oakford	Human Settlement	Residential	\$5,000.00
Serpentine-Jarrahdale	8432	Mechanical Works	Installation of hardstand firebreak for fire appliances to protect properties currently not accessible by road. Access is boggy and is dangerous for larger 4WD appliances as they may get bogged. Treatment to be undertaken prior to the 2021/22 South West bushfire season	Nicholson Road to West, Oakford	Human Settlement	Residential	\$58,000.00

\$288,000.00
