1. Message from the CEO

I am pleased to present the Shire's Corporate Business Plan 2022-2026 (CBP), which brings together our plan to deliver on the aims and aspirations of the Shire's Strategic Community Plan and other supporting strategic documents.

Over the past 12 months the Council has endorsed major government funded capital projects and key strategic Shire projects which will be a focus for delivery over the next four years.

These projects include:

- Keirnan Park Recreation and Sporting Precinct project – Construction of Stage 1A (estimated completion date of 31 December 2024).
- Civic Centre upgrade – Relocation of Council Chambers to the old Mundijong Library / Mundijong Roads Board building and the upgrade of office accommodation and amenities at the Administration Building and Operations Centre.
- Hypergrowth Road upgrades - Upgrades to Orton Road, Kargotich Road (estimated completion dates of 30 June 2025) and Soldiers Road (estimated completion date of 30 June 2024).
- Byford Skate Park – Construction of Stage 2 which includes an extension, 3 on 3 basketball and parkour elements, shade and landscaping (estimated completion date of February 2024).
- Oakford Bush Fire Brigade Station – Construction of the new Oakford Volunteer Bush Fire Brigade Station (estimated completion date of 31 December 2024 subject to DFES funding).

These projects are critical for the future planning for increased access to healthcare services, sport and recreation facilities, economic development, tourism opportunities and community and staff accommodation.

This financial year we will also focus upon consolidation of OneComm, the Shire's Enterprise Resource Planning system and continue to embed the Shire's Project Management Framework to ensure projects are managed efficiently, effectively, and in a transparent manner.

We will continue working with the East Metropolitan Health Service in the delivery of the Byford Health Hub (estimated completion date of 31 December 2025) and continue to collaborate and partner with Main Roads WA and Metronet to deliver the Tonkin Highway extension and the Metronet Byford Rail Extension.

This year we will also carry out a major review of our Strategic Community Plan to ensure the aspirations of our growing community are accurately reflected in our key visioning document for the next 10 years.

Our people are critical to the success of our ability to deliver on our CBP. Investment in staff development and retention will be a focus over the next 12 months, including a review of our Workforce Plan to ensure it meets the needs of current and future workforce planning and requirements in a post COVID environment.

I look forward to continuing to work with a great team of professional staff as we deliver on the Council's and community's projects and initiatives outlined in this plan to ensure the long term success of Shire.

Paul Martin
Chief Executive Officer

Corporate Business Plan 1 July 2022 - 30 June 2026

5

2. Introduction

What is the Corporate Business Plan?

This Corporate Business Plan is the Shire of Serpentine Jarrahdale's (the Shire) four-year delivery program, aligned to the Shire's Strategic Community Plan and accompanied by four-year financial projections.

The purpose of the plan is to operationalise the Community's vision and the Shire's strategic objectives by detailing the projects and activities that will be undertaken to address the strategies contained within the Strategic Community Plan.

Key Point Summary

What are some of the key initiatives that the community will see implemented over the 2022-2026 period?

In addition to maintaining the existing levels of service, the Corporate Business Plan outlines several new initiatives for implementation over the four-year period. These include:

People

A connected, thriving, active and safe community.

Advocating for and shaping the design of state government infrastructure to benefit our local community of which some include:

- Metronet
- Tonkin Highway
- Byford TAFE
- Oakford Bush Fire Brigade Station

Strengthening the connections, health and wellbeing of our growing community by:

- progressing the development of a Reconciliation Action Plan
- supporting local community and sporting groups and the broad range of volunteers within the community
- delivering programs, events and activities of relevance to the community
- Working with the East Metropolitan Health Service to deliver the Byford Health Hub

Prosperity

An innovative, commercially diverse and prosperous economy.

Responding to growth by:

- progressing the development of the Keirnan Park Recreation Precinct
- fit for purpose road upgrades and rehabilitations to suit changing needs
- enhancing the Developer Contribution Framework to create shared and equitable partnerships towards infrastructure delivery

Growing the economy by:

- tourism development in the Shire
- supporting the development of our equine community and industry
- promoting the delivery of the West Mundijong Industrial Area and Cardup Business Park
- trails development and implementation including Jarrahdale Trails Town

Place

A protected and enhanced natural, rural and built environment.

Establish SJ as leaders in the waste management area by providing best value for money and sustainable waste management in the Shire:

- operation of the Watkins Road Waste Transfer Station and SJ Reuse Shop in Mundijong
- implementation of FOGO

Implementation of the new Local Planning Strategy and Scheme, which sets the vision for our collective future and charts the course to how this vision will be achieved. Through a renewed set of zones, reserves, land use permissibility and development standards, the new planning framework sets the next exciting phase of the Shire's growth.

Progressive

A resilient organisation demonstrating unified leadership and governance.

Planning for the future through continuing to modernise and develop the organisation to become more efficient, responsive and sustainable:

- continuation of the Shire's Enterprise Resource Planning system
- improving community engagement
- upgrade and long term planning for the Shire's Administration Building and Operations Centre
- relocation of the Council Chambers to the old Mundijong Library building
- implementation of the Project and Contract Management Frameworks
- implementation of strategic organisational development initiatives
- major review of the Strategic Community Plan

The full details of these initiatives, including their associated cost, timing and dependencies are detailed within the Delivery Program section of this plan. The Delivery Program also outlines all other projects and activities occurring within the 2022-2026 period.

Corporate Business Plan 1 July 2022 - 30 June 2026

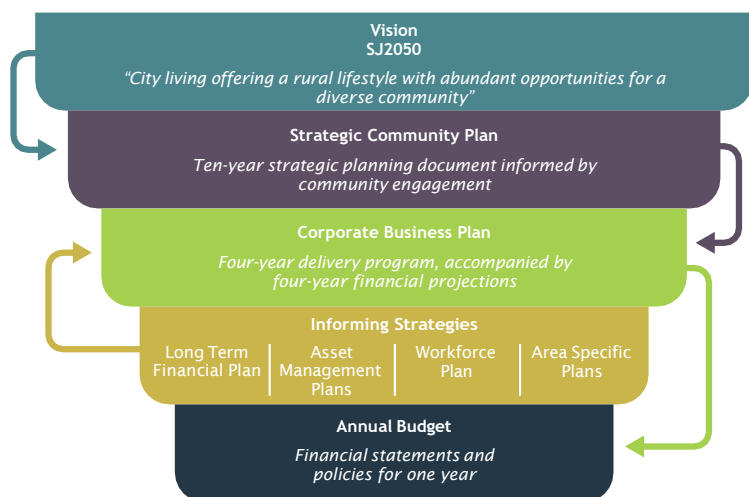

7

Integrated Planning and Reporting Framework

The Integrated Planning and Reporting (IPR) framework aims to:

- articulate the community's vision;
- allocate resources to achieve the community's vision; and
- monitor and report progress towards the community's vision.

The components and hierarchy of the Shire's IPR framework is as follows:

As the above infographic demonstrates, the Corporate Business Plan is the cornerstone of the IPR Framework and when developed in consideration of all other components, is integral to ensuring the Shire's corporate planning is integrated, relevant and achievable.

The Shire's process of developing and integrating its IPR framework is outlined in the following infographic.

3. Strategic Context

STRATEGIC COMMUNITY PLAN

The Shire of Serpentine Jarrahdale community had a strong involvement and voice in the development of the Shire's Strategic Community Plan. The community were invited to share their visions and aspirations for the future of the Shire of Serpentine Jarrahdale through multiple community engagement components including SJ 2050, SJ Real Choices and the Community Perceptions Survey.

This process resulted in the following vision for the shire:

“City living offering a rural lifestyle with abundant opportunities for a diverse community”

The Shire of Serpentine Jarrahdale delivers services to its community in line with its vision and the strategic objectives set out within the Strategic Community Plan.

Each of the objectives has several outcomes and strategies that the Shire seeks to achieve over the 10+ years of the Strategic Community Plan as demonstrated in figure 1 on page 10.

The Delivery Plan of this Corporate Business Plan links each project and activity to a strategic objective area to enable a clear connection between the actions being undertaken and the strategic outcomes they support.

Figure 1: Objectives, outcomes and strategies

 PEOPLE Objective: a connected, thriving, active and safe community.	 PROSPERITY Objective: an innovative, commercially diverse and prosperous economy.
Outcome 1.1 A healthy, active, connected and inclusive community 1.1.1 Provide well planned and maintained public open space and community infrastructure 1.1.2 Provide a healthy community environment	Outcome 3.1 A commercially diverse and prosperous economy 3.1.1 Actively support new and existing local businesses within the district
Outcome 1.2 A recognised culture and heritage 1.2.1 Recognise local heritage 1.2.2 Encourage and support public art in public areas	Outcome 3.2 A vibrant tourist destination experience 3.2.1 Actively support tourism growth within the district Outcome 3.3 An innovative, connected transport network 3.3.1 Maintain, enhance and rationalise the Shire's transport network in accordance with affordable sound Asset Management Plans
Outcome 1.3 A safe place to live 1.3.1 Comply with relevant local and state law, in the interests of the community 1.3.2 Support local emergency services 1.3.3 Enhance community safety	Outcome 3.4 An innovation centre of excellence 3.4.1 Identify and promote innovation and education opportunities
 PLACE Objective: a protected and enhanced natural, rural and built environment.	 PROGRESSIVE Objective: a resilient organisation demonstrating unified leadership and governance.
Outcome 2.1 A diverse, well planned built environment 2.1.1 Develop, maintain and implement plans for the management and maintenance of Shire controlled parks, reserves, and natural assets	Outcome 4.1 A resilient, efficient and effective organisation 4.1.1 Provide efficient, effective, innovative, professional management of Shire operations to deliver the best outcome for the community within allocated resources 4.1.2 Maximise the Shire's brand and reputation in the community
Outcome 2.2 A sustainable natural environment 2.2.1 Develop, maintain and implement plans for the management and maintenance of Shire controlled parks, reserves, and natural assets 2.2.2 Seek to minimise resource usage and continue to maximise reuse opportunities 2.2.3 Continue to minimise the volume and impact of waste generated within the district 2.2.4 Support community groups (both new and existing), who are preserving and enhancing the natural environment	Outcome 4.2 A strategically focused Council 4.2.1 Build and promote strategic relationships in the Shire's interest 4.2.2 Ensure appropriate long term strategic and operational planning is undertaken and considered when making decisions 4.2.3 Provide clear strategic direction to the administration
Outcome 2.3 A productive rural environment 2.3.1 Identify and promote rural and agriculture industry opportunities	

4. Informing Strategies

CORE INFORMING STRATEGIES

The Core Informing Strategies at the Shire include the Asset Management Strategy and Plans, the Workforce Plan and the Long Term Financial Plan. These documents are fundamental because they outline the future resource requirements respective to their specialist area (i.e. assets, personnel and finances) and influence the prioritisation of actions within this Plan. Therefore, each year when the Corporate Business Plan is reviewed, these documents are used to guide the development of the Delivery Plan.

Asset Management Strategy and Plans

The Shire has developed Asset Management Plans for major asset classes in accordance with Council's Asset Management Policy. The Asset Management Plans form a component of the Asset Management Strategy which addresses the Shire's current asset management processes and sets out the steps required to continuously improve the management of Shire controlled assets.

The Shire maintains the following asset portfolio as at 30 June 2022:

Asset Class/Group	Quantity	Replacement Cost ('000's)
Facilities	90	\$46M
Reserves and public open space	234	\$51M
Drainage	16,732 (culverts, headwalls, pits & pipes)	\$107M
Footpaths	153km	\$26M
Roads	801km	\$321M

The capital renewal estimates contained within the Asset Management Plans for the above portfolio are included within the Capital Works Program section of the Delivery Plan.

Workforce Plan

The Workforce Plan provides the workforce management and resource strategies necessary to deliver the Corporate Business Plan.

Workforce issues have been considered during the development of this Corporate Business Plan and the financial impacts of the Workforce Plan are captured within the Long Term Financial Plan. Updates to the Corporate Business Plan are used to re-forecast employee and training and development requirements as needed.

Long Term Financial Plan

The Shire of Serpentine Jarrahdale is planning for a positive and financially stable future. The Shire seeks to maintain, and where possible, improve service levels into the future while maintaining a healthy financial position. The Long Term Financial Plan is used to confirm the financial capability to undertake the Delivery Plan. Our financial projections over the next four years as per the Long Term Financial Plan are detailed within the Key Assumptions section of the Delivery Plan.

OTHER KEY INFORMING STRATEGIES

The Shire has developed several other plans and strategies to respond to specific issues. The preparation of these often involve community input and are a way to provide more specific and detailed guidance on the strategic direction relating to the subject area. Each strategy and plan, at a minimum, integrates and aligns to the Strategic Community Plan. Projects undertaken to support these specific areas are incorporated into the Delivery Plan of the Corporate Business Plan.

5. Monitoring and Review

Monitoring Progress towards our Corporate Business Plan

On a quarterly basis, the Shire completes progress reporting against the Corporate Business Plan in order to plan and establish the following years Annual Budget and to inform the Annual Report where progress and significant revisions to the Corporate Business Plan are recorded. Progress reporting also provides an important opportunity for the Shire to update Council and the Community towards the achievement of the actions, such as the delivery of key projects and the successful implementation of service level changes.

The Shire has also established the following Key Performance Indicators as an additional method to measure achievement. These KPI's are reported on an annual basis in the Shire's Annual Report.

80%

of strategic operating projects are completed by their due date

80%

of road projects planned to be constructed are delivered

Improvement is seen in all key result areas of the community perceptions survey

Financial Sustainability
Maintain a financial health indicator above 70

Improvement is seen in the Performance Index Score of the Employee Scorecard Survey

Reviewing our Corporate Business Plan

On an annual basis, the Corporate Business Plan is reviewed to ensure priorities are still achievable within the resources available and any emerging projects or activities are captured. This process runs concurrently with the development of our Annual Budget.

6. 2022 - 2023 Snapshot

The below list provides a snapshot of the major projects and initiatives the Shire plans to deliver in 2022-23:

- Further progress towards Council's strategic projects and government funded projects including:
 - Upgrades at the Administration Centre including finalisation of the detailed design, procurement and commencement of construction.
 - Upgrades at the Operations Centre including installation of new transportable buildings.
 - Release of the Stage 1A construction tender for the Keirnan Park Recreation Precinct .
 - Finalise the ready for tender documents (including design) and commence procurement for construction of the major road upgrades to Orton Road, Kargotich Road and Soldiers Road.
 - Planning, procurement and design of stage 2 of the Byford Skate Park.
 - Finalise the business plan to enable site works to commence and continue working with the East Metropolitan Health Service in the delivery of the Byford Health Hub
- \$4 million for road upgrades, including:
 - Hopkinson Road
 - Briggs Road
 - Larsen Road
 - Nettleton Road
 - Nicholson Road / Foxton Drive
 - Mundijong and King Road intersection
 - [Bishop Road](#)
 - Mundijong Road
 - Kingsbury Drive
- \$370,000 for the following road reseals:
 - Holmes Road, Oakford
 - Butcher Street, Mundijong
 - Baldwin Road, Serpentine
 - Senior Court, Mundijong
 - College Court, Serpentine
 - Millars Road, Jarrahdale
- \$1.02 million for facility upgrades, including:
 - Briggs Park change rooms
 - Briggs Pavilion main hall
 - [Byford Community Kindergarten](#)
 - [Landcare SJ Building](#)
 - Serpentine Jarrahdale Men's Shed
 - [Serpentine Jarrahdale Community Recreation Centre](#)
 - [Safety improvements to Bush Fire Brigades](#)
- \$150,000 for playground upgrades
- \$185,000 for a new public toilet at Jarrahdale Cemetery
- Stakeholder engagement to progress the development of a Reconciliation Action Plan
- [Development Progress towards the development of a Mundijong-Whitby Town Centre Precinct Structure Plan](#)
- Master Plan for the Clem Kentish Reserve
- Investigation and construction of road access in preparation for future development at Lot 500 Webb Road
- Major Review of the Strategic Community Plan

7. Delivery Program

The Delivery Program of the Corporate Business Plan is divided into the following five areas:

1. Advocacy Projects

The projects that the Shire will focus its advocacy efforts towards over the next four years.

2. Major Capital Projects

Capital Projects to be delivered over the next four years that are considered 'Major'. A Capital Project is considered 'Major' if:

- The value is >\$250,000; and
- it is a new construction; or
- it is a significant expansion, replacement (i.e. upgrade), or renewal project of existing infrastructure.

3. Capital Works Program

Planned capital expenditure on our assets over the next four years, excluding Major Capital Projects.

4. Strategic Operational Projects

Projects funded from the operating budget considered 'Strategic' in nature because they demonstrate a strong link to the Strategic Community Plan.

5. Service Plan Summary

A summary of the Shire's day-to-day service levels and activities over the next four years that sit outside of the other abovementioned projects.

KEY RISKS

The Shire has identified that the following will be vital to risk manage in order to achieve the projects and activities under this corporate business plan:

We must...	and to do so we must risk manage the following uncertainties...
Ensure our culture and values are aligned to organisational outcomes and priorities	<ul style="list-style-type: none"> • Lack of a defined and shared culture and values across the organisation • Change management and associated conflicts • Leadership and staff turnover • Embedding organisational value in decision-making • Communication of desired culture
Have efficient business processes and systems	<ul style="list-style-type: none"> • SILO operations • Robust policies / processes • Inefficient business systems • Paper-based, manual processes • Lack of timely reporting
Have sound financial management and ensure financial sustainability	<ul style="list-style-type: none"> • Increasing level of service / expectations • Economic downturn impacting revenue • Limited access to financial information, impacting financial planning • Inaccurate / misleading population growth predictions • Uncertainty over government funding • Uncertainty over fees and charges • Changing compliance requirements • Rate strategies
Optimise the benefits of partnerships / alliances	<ul style="list-style-type: none"> • Developing relationships and taking opportunities with other local companies • Strategies for working with neighbours • Structure and culture of LG sector • Partnerships to deliver greater operating power
Attract and retain a quality work-force	<ul style="list-style-type: none"> • Management of 'change' fatigue / legacy culture • Staff accommodation • Working conditions compared to other shires/LGs and local employers • Volume of work • Organisational morale • Organisational structure alignment with plans
Deliver capital projects on time and within budget	<p>Current marketplace driven primarily from COVID-19:</p> <ul style="list-style-type: none"> • Shortage of materials / supply chain disruptions resulting in cost increases • Shortage of contractors, consultants and suppliers • Lack of contractor, consultant and supplier capacity to deliver works resulting in cost increases • Lack of bidders to procurement opportunities causing processes to be prolonged and redone • Lack of skilled and experienced project managers in the marketplace to manage projects

Further information on these risks, including their ratings, controls and mitigation strategies are detailed in the Shire's Strategic Risk Register. This register is continuously monitored to capture risk level changes, new and emerging risks and to ensure the timely completion of actions.

KEY ASSUMPTIONS

The key assumptions applied in preparing this Corporate Business Plan are:

1. **Financial Projections:** our financial projections over the next four years are assumed to be as per our long-term financial planning. A summary of the main projections is provided below.

	2022-23	2023-24	2024-25	2025-26
TOTAL REVENUE	\$54.76m	\$61.96m	\$51.02m	\$46m
NET RESERVE MOVEMENTS	\$0.83m	(\$1.02m)	(\$0.49m)	(\$1.30m)
NET LOAN MOVEMENTS	\$2.93m	(\$0.75m)	\$1.57m	(\$1.96m)
OPERATING EXPENSES	(\$33.53m)	(\$34.08m)	(\$34.98m)	(\$35.94m)
CAPITAL	(\$24.98m)	(\$26.11m)	(\$17.13m)	(\$6.79m)

Rates:

- Proposed rates for 2022-23 will yield a 5.27% increase in revenue from previous year
 - Rating is guided by Council's Rating Strategy, available on the Shire's website.
2. **Grants:** We will be successful in achieving the required grants for major road and community facilities as indicated in the Delivery Plan.
 3. **Local Population Growth** Will continue as forecasted.
 4. **Operational Capacity:** Resources will increase as required to maintain the necessary service levels in line with growth.

5. **Assets:** The asset portfolio will grow in line with this Corporate Business Plan and the following gifted assets:

2022-23	2023-24	2024-25	2025-26
\$12 million worth of gifted assets created through subdivision development in: • Glades in Byford • Brook at Byford • Byford on the Scarp • Beenyup Brook • Byford Meadow • Whitby Estate • Darling Downs • Byford Green	\$12 million worth of gifted assets created through subdivision development in: • Glades in Byford • Brook at Byford • Byford on the Scarp • Beenyup Brook • Byford Meadow • Whitby Estate • Darling Downs • Byford Green	\$12 million worth of gifted assets created through subdivision development in: • Glades in Byford • Brook at Byford • Byford on the Scarp • Beenyup Brook • Byford Meadow • Whitby Estate • Darling Downs • Byford Green	\$12 million worth of gifted assets created through subdivision development in: • Glades in Byford • Brook at Byford • Byford on the Scarp • Beenyup Brook • Byford Meadow • Whitby Estate • Darling Downs • Byford Green

6. **COVID-19 Control and Recovery:** COVID continues to transition into a part of everyday life and as an organisation we are able to continue to adapt to the challenges.

7.1. ADVOCACY PROJECTS

Advocacy at a local government level is crucial, especially when facing considerable population growth. As the fastest growing local government municipality in Australia, Serpentine Jarrahdale is a hyper-growth council. Between 2021 to 2036, Serpentine Jarrahdale is projected to grow from a population of 36,403 to 68,335 people, and for the duration of this Corporate Business Plan, the Shire is expected to grow in population by 23%.

It's important to us that we look after our residents and give them the quality of life they expect when moving to the Shire. Unfortunately, the population growth rate has meant that even with our normal revenue streams and developer contributions, we are struggling to finance the infrastructure our community needs.

A lot of our priority projects rely on strong government relationships and acquiring commitments to project funding from essential State and Federal partners to help make our goals a reality. We plan to strongly advocate to that effect, with our community's passion and support behind us to achieve crucial outcomes for our future.

Taking into account our current Advocacy Strategy, the Strategic Community Plan and the latest Community Perception Survey, we plan to focus on advocating for the following projects over the 2022-23 to 2025-26 financial years.

State and Government Advocacy

Revise and update advocacy requests for the upcoming State and Federal elections, including determining a list of projects, developing business cases, advocacy material and advocating for Council's position. List the agreed advocacy actions within the Corporate Business Plan.

Whilst the above projects are our focus to advocate for over the next four years, the Shire will continue to advocate and pursue opportunities for all the projects and initiatives detailed in the Advocacy Strategy as they arise. The Advocacy Strategy can be viewed on our website: <https://www.sjshire.wa.gov.au/council/plans-and-publications/advocacy-strategy/our-advocacy-priorities.aspx>
