Officer Comment

The State Road Funds to Local Agreement (the Agreement) provides an allocation of funds to local governments in Western Australia for the improvement and maintenance of roads and bridges. The quantum of funding in the Agreement is based on a percentage of motor vehicle licence fee collections by the State Government. The Agreement is intended to ensure that the available funds are allocated across the State of Western Australia, focusing on areas of strategic importance and areas that will provide maximum benefit.

The Agreement is administered through an arrangement between Main Roads, the Western Australian Local Government Association (WALGA) and local governments. These arrangements are described in the State Road Funds to Local Government Agreement Procedures (available on WALGA’s website [here](#)). A key element of the arrangement is a hierarchy of groups that inform and administer the agreement. This hierarchy is summarised in the figure below:
