Dear sir/madam,

Further to my recent discussion with the Shire's Haydn Ruse, please find attached an updated version of our planning submission. It has been updated only to include reference to oak 'or hazelnut' as the type of tree to be planted in the trufflery. We ask that the previous version (Rev 1) is disregarded and the Shire considers this version (Rev 2) only.

Again, I apologise for any inconvenience this has caused.

Kind regards,

Ross Underwood
Associate

Dear sir/madam,

Further to my last email, please see attached an updated version of the planning submission. We respectfully request the previous version is disregarded in favour of the version attached to this email.

The only change is to Attachment 5 to include an additional sentence confirming the density of tree planting used.

Apologies for any inconvenience this has caused.
