# 2. State Recovery

On Monday 3 August 2020, the Shire received communication from the Acting State Recovery Coordinator advising that an amendment has been made to the State Emergency Management (EM) Policy and Plan to approve a whole of government approach to Western Australia's recovery from the COVID-19 pandemic for a 12 month period. The details are below:

"The inclusion of appendix AA in State Emergency Management Policy and Plan permits the State Recovery Controller to continue leading the whole of government approach to Western Australia's recovery from COVID-19, whilst removing the responsibility of the HMA/Controlling Agency and Local Governments recovery functions as prescribed in the State Emergency Management Framework. The implemented changes are a consequence from a Ministerial direction issued to the SEMC, which fundamentally is a result from a Cabinet decision. Local Governments will continue to collate data and monitor progress for COVID-19 recovery activities at the request of the State Recovery Controller".

We recognise that whilst the Western Australian State Government now has responsibility for the recovery effort for the COVID-19 pandemic, it is important that we continue to work together on a local level to support our community through this recovery period. I have had discussions with the Shire President and CEO and the way forward as outlined below has been agreed:

- The Local Recovery Coordination Group and associated Sub-Committees will be stood down
  with our thanks at the end of this week. The meetings that are planned to occur this week will
  still go ahead.
- 2. It is intended that the Community Wellbeing Sub-Committee become an interagency action group and this will be discussed at the final Sub-Committee meeting this week.
- 3. Officers will continue to work closely with members of the Economic Sub-Committee on the projects and initiatives that have been developed.
- 4. As you will be aware we have been working with Lewis Winter to develop the Long Term Recovery Plan, as the State Government have an adopted Recovery Plan for the pandemic we are no longer required to develop one for our community. However, we believe the information we have collected from the community about their needs and wants is very important to help drive our activities and partnerships at a local level so we will be developing a localised document under the heading of the State Recovery plan.
- 5. A meeting of the Local Emergency Management Committee has been called to provide them with an update on the changes to the arrangements.
- 6. It is necessary to undertake a review of the recovery process so that we can learn from this experience for future events. A review form is included with these minutes. We would appreciate if you could please complete and send back to us to assist with this process.

Your input has been invaluable to the recovery response and effort in the Shire and we are grateful for your commitment, input and hard work in the past 5 months or so. It is vitally important that we continue to work closely together as we move forward through the recovery period and hope that we can maintain these strong working relationships with you moving forward.

As the long term is unknown, especially if another wave comes along, it is important we don't take our finger off the pulse and continue to maintain the established relationships if the State decides to hand back recovery to local government.

The Debrief Feedback document will be circulated.

Thank you to all for coming together and working well together.

## 3. Community Wellbeing Sub Committee

Minutes of the meeting held 24 July 2020 are included in these minutes.

The Community Wellbeing Committee attended a recovery workshop on 7 August 2020.

The next meeting is scheduled for 21/08/20 which will be the last one before establishing a regular interagency meeting. Feedback to date is that participants of the sub committee are appreciating the interagency touch point. This is working great for collaborate programming with additional agencies getting in touch to be involved.

We have transitioned into Helping Households from Helping Hands. A number of support programs and activities are underway.

## 4. Economic Recovery Group

The Economic Recovery Group attended a recovery workshop on 6 August 2020.

- Will continue contact with business partners.
- Peel CCI and SJ Action sub group hosting a State of Business Breakfast on 29 September at Byford and Districts Country Club Inc – David Eton, Small Business Commissioner / CEO of the Small Business Development Corporation and Aaron Morey, Chief Economist and Director, Policy and Influence of the Chamber of Commerce and Industry WA. Ticketed event and limited numbers. Business current state, challenges facing businesses, confidence insights, panel Q&A.
- Very positive feedback received on the work undertaken by Deon and John. Congratulations and thank you.

# 5. Recovery Communications Update

A full list of recovery communications undertaken are included in these minutes.

Continuing to provide support for the long term recovery plan engagement and communications support to sub committee's. Feedback from the community is that they are getting the information they are looking for.

#### 6. General Business

WA Police on the front foot for a second wave – providing support through Operation Tide to manage people around a potential second wave and manage people with COVID-19.

Cr Rich thanked all parties involved in LRCG for the work they have done to support our community.

# 7. Next Meeting

This is the final meeting for the LRCG relating to the COVID-19 pandemic.

A debrief will be provided to the Local Emergency Management Committee.

The Shire of Serpentine Jarrahdale would like to thank you for your contribution to the Local Recovery Coordination Group, Economic Sub-Committee and/or Community Wellbeing Sub-Committee.

Your support and participation in these groups has been invaluable in the response and recovery efforts for the COVID-19 pandemic in our community.

In order to ensure that we are able to undertake an effective debrief from this recovery effort and learn for future events, it would appreciated if you could please complete the template below providing your thoughts and details on what worked well, what did not work and things we could do differently next time. There is also an opportunity to record any other comments you would like to make.

Completed forms can be provided to Kylie Shailer via email <u>kshailer@sjshire.wa.gov.au</u>. An overview of the review will be provided to all Local Recovery Coordination Group and Sub-Committee members.
