Members of the Public: 64

The Presiding Member, Councillor Rich declared the meeting open at 6:34pm and welcomed members of the Public, Councillors, and Staff to the Special Meeting of Electors.

Councillor Rich acknowledged that the meeting is being held on the traditional lands of the Noongar People, and paid her respects to the Traditional Owners, Elders Past, Present and Emerging.

Councillor Rich reminded those in attendance of the requirement to wear masks, in accordance with current Public Health directions.

Councillor Rich advised that in accordance with section 5.28 of the *Local Government Act 1995*, a Special Meeting of Electors has been convened following receipt of a request in the prescribed form from not less than 100 electors in the District.

A request was received on 10 February 2022 with the purpose of the meeting requested by the electors being:

1. the effect of mandatory vaccination on electors, ratepayers, residents and businesses in the district;
2. the effect of mandatory vaccination on the local government’s affairs and the performance of the local government’s functions; and

3. motions to be voted on for an advocacy position against mandatory vaccination for the Council to consider adopting to provide leadership and guidance to the community in the district.

The procedures for the meeting are as specified in the Act and the *Local Government (Administration) Regulations 1996*. The legislation states that the procedure to be followed at the meeting is to be determined by the person presiding at the meeting.

The Presiding Member, Councillor Rich advised that the meeting will be conducted generally in a manner consistent with the Shire's Standing Orders.

Regulation 18 of the *Local Government (Administration) Regulations 1996* states that:

1. Each elector who is present at a general or special meeting of electors is entitled to one vote on each matter to be decided at the meeting but does not have to vote.
2. All decisions at a general or special meeting of electors are to be made by a simple majority of votes.
3. Voting at a general or special meeting of electors is to be conducted so that no voter's vote is secret.

The structure of the meeting shall be:

- Public Questions of which prior notice has been given.
- Public Questions received from the floor.
- Public Statements of which prior notice has been given.
- Public Statements received from the floor.
- Motions of which prior notice has been given.
- Motions received from the floor.

Each elector wishing to ask a question may ask a maximum of three questions related to the purpose of the meeting.

Public statements related to the purpose of the meeting must be not greater than three minutes in length.

Motions related to the purpose of the meeting may be debated with speakers for and against the motion. No speaker may speak for greater than 5 minutes regarding a motion.

The provisions related to conduct that operate in the Standing Orders are to apply. This means that each person present is to extend due courtesy and respect to all in attendance.

Electors have been provided with a voting card. When a motion is called for a vote electors are to raise the card to determine if the motion is carried or lost.

Decisions made at the electors' meeting will be considered at a future Council Meeting in accordance with legislation.

In accordance with the Shire of Serpentine Jarrahdale's Standing Orders it is not permitted to record the meeting.

2. Business:

2.1 Public Questions of which prior notice has been given:

Nil.

2.2 Public Questions received from the floor:

Presiding Member, Councillor Rich asked if there were any public questions from the floor.

Public question time commenced at 6:40pm.

Cheyenne Davies

Question 1

Can we get approval to record the meeting and why is the meeting not being recorded?

Response (Shire President and Chief Executive Officer)

In accordance with the Shire of Serpentine Jarrahdale's Standing Orders it is not permitted to record the meeting. The meetings are not recorded owing to the practical limitations of the building which can make the audio difficult to hear.

Presiding Member, Councillor Rich asked if there were any further public questions from the floor. No further public questions were received.

There being no further public questions, public question time concluded at 6:45pm.

2.3 Public Statements of which prior notice has been given:

Public statement time commenced at 6:45pm.

Kendall Sampson

Hi everyone, thanks for coming tonight to fight for freedom.

Tonight I am here to explain some of the evidence and complexities in relation to the dangers of mandatory vaccines and the worldwide plandemic, a plan of corruption and crimes against humanity so enormous that it includes everyone on the planet and has created the biggest transfer of wealth ever to the elite who control almost every aspect of our lives.

You probably haven't heard , but almost every country worldwide is holding criminal cases against their governments for human rights violations, corruption and fraud in regard to their covid19 response. The UK dropped all restrictions and mandates 1 day after criminal cases were lodged and the us has just declared all mandates illegal. Our own Australian high court has declared vaccine mandates illegal 3 times now , so I'm not even sure how we are still mandated??

Every country has predetermined pandemic plans in place, but almost every country threw these out the window and instead adopted the world health orgs plan, why did this happen?

Right now at the Hague international criminal court a huge group of lawyers from around the world are in the process of prosecution of all those who were complicit, planned and created this scandemic - they are being charged with mass genocide among many other charges. Sadly most people don't even know these are happening because the media is entirely owned and controlled by the same people committing the genocide. Are you aware that almost all media worldwide is owned by just 6 parent companies and they have all been slowly brainwashing ,running their narratives and moulding people's opinions for years? This has never been

more apparent than the last 3 years of Covid 19 where an obvious mass psychosis has been done on the public.

This may seem off topic but in fact evidencing the enormity of the corruption, lobbying, bribes, pay offs and influence is absolutely relevant to this situation. By all accounts west Australians are THE MOST restricted by these controls worldwide, despite the vast amount showing that the virus doesn't exist, that the vaccines don't work, they are actually killing people and the obviousness of the huge power grab by our governments and a means to force social changes of control on the masses. Not to mention all these mandates are unlawful and for unknown reasons this is just being ignored?

I come from a work background of big business management , with a fair knowledge of workplace law, so I was very stunned at how they could.

implement mandates with all the protections in place - I will go through a few of these :

- All state laws are subject to the commonwealth constitution section 109 which states when a law is inconsistent with the law of the commonwealth the state law is null and void at all times - thus all mandates are unlawful as no person has any right to ask for your private medical info except by a judge signed court order because we are protected by the privacy act and the biosecurity act.
- Australian business CANNOT be mandated by the state , they are bound by federal law at all times states cannot change workplace laws .
- Our constitution states medical conscription is illegal . It is also stated in our national immunisation program and the Nuremburg code that coerced medical treatments are illegal. These vaccines are still on trial until 2023, the Criminal Code states participation in a clinical trial must be voluntary. I strongly believe most people would consider loss of job and income would be classed as coercion, and that most WA citizens only got vaxed for this reason- this is classed as assault by law . All those complicit and involved from government officials to the nurse who gave the needle are liable for assault. If an employer thinks they are protected from prosecution because they were compelled to follow an unlawful direction they are mistaken. Following orders is not a defence in law.
- Some magistrates are stating that the public health order and state of emergency trump all other acts , but not only is this untrue because of the afore mentions section 109, but also because these must be signed by the governor general and this has not been done.
- The vaccine mandate has been issued onto workplaces and therefore the work health and safety act is also relevant legislation. Under this act all businesses are obligated under duty of care to provide a safe workplace and based off data pertaining to the safety of the vaccine, no long term data, and no material safety data sheets in existence and the fact the drug is still on trial should mean it would NEVER be implemented - the penalty for industrial manslaughter is up to 20 years.
- In actual fact all these laws are actually invalid for an even greater reason . In 1901 our commonwealth of Australia was actually sold off to the US stock market, in 1901 the "commonwealth" was changed to "the government of Australia" the

corporation illegally and without the public's knowing, and without the Queen's signature. This means every election since and laws since are all invalid.

- The definition of mandatory basically means it is a request, so how come if we decline, we lose our jobs?
- How come when you call Fair Work WA for help, clarification or to find out how this is legal they say it has nothing to do with them or workplaces and if you disagree to lawyer up and sue the government?
- How can an invalid bill such as this even enter into the legislative council for voting?
- In all cases of workplace law and biosecurity law it was stated that the response MUST be proportional to the illness - NONE of this is proportional for a virus that is 99% survivable.

How come no one cares about all these rules and laws? How come now that restrictions are easing worldwide the rules on the vaccinated are still in place?

2.4 Public Statements received from the floor:

Presiding Member, Councillor Rich asked if there were any public statements from the floor.

Ms Ruiter-Dawson

Made a statement regarding vaccination safety.

Mr Darbyshire

Made a statement regarding vaccination safety.

Ms Darbyshire

Made a statement regarding vaccination safety.

Mr Vanbeer

Made a statement regarding vaccination mandates.

Ms Peyton

Made a statement regarding vaccination safety.

Mr Mitchell

Made a statement regarding vaccination safety.

Mr Squire

Made a statement regarding vaccination mandates.

Mr Watkins

Made a statement regarding vaccination mandates.

Ms Davies

Made a statement regarding vaccination mandates.

Cr Duggin

Made a statement regarding vaccination mandates.

Presiding Member, Councillor Rich asked if there were any further public statements from the floor. No further public statements were received.

There being no further public statements, public statement time concluded at 7:20pm.

2.5 Motions of which prior notice has been given:

SME001/03/22

MOTION

Moved Ms Mullins, seconded Ms Williams

The motion to be considered, forms the first part of an advocacy position statement called the "COVID-19 Vaccination Pro-Choice Statement". We request that the Council adopt this position statement and actively advocate to the WA State Government to remove the vaccination mandate policy with the content:

Part 1. That no person shall or should be:

- a) prevented from performing work or receiving income on the basis of vaccination status;**
- b) discriminated against on the basis of vaccination status;**
- c) coerced or manipulated into the need for vaccination for any reason;**
- d) deprived of any Statutory and Regulatory benefits on the basis of vaccination status;**
- e) restricted access to premises on the basis of vaccination status;**
- f) restricted in any form of community participation on the basis of vaccination status;**
- g) required to provide evidence for any reason of vaccination status; and/or**
- h) subject to anything under written law that a person who differs in vaccination status is not.**

Glossary of Terms and Definitions.

Access means to enter, or remain at a premises.

Approved COVID-19 vaccine means:

- a. any vaccine that has been approved by the Therapeutic Goods Administration (TGA) for use in Australia for the purpose of vaccinating persons against COVID-19 or any mutations and derivatives thereof; and/or,**
- b. any other vaccine specified by the Chief Health Officer, or any other person authorised by the Chief Health Officer for that purpose, as an approved COVID-19 vaccine.**

Premises has the same meaning that it has in the *Public Health Act 2016 (WA)*.

Vaccine does not mean the medical terminology as defined in medical journals, but is the generic term in the context of COVID-19 as referred to by the Therapeutic Goods Administration and the Chief Health Officer and Government Officials, and publications and statements made and issued under their auspices.

Vaccination status means whether a person is not vaccinated or has been vaccinated.

Not vaccinated means that the person has not been administered with any dose of an approved COVID-19 vaccine.

Vaccinated means that the person has been administered with any prescribed doses of an approved COVID-19 vaccine.

SME002/03/22

MOTION

Moved Ms Davies, seconded Ms Williams

The motion to be considered, forms the second part of an advocacy position statement called the "COVID-19 Vaccination Pro-Choice Statement". We request that the Council adopt this position statement and actively advocate to the WA State Government to remove the vaccination mandate policy with the content:

Part 2. That the Local Government shall:

- a) not restrict any function, property, or service of the Local Government based on vaccination status; and
- b) as far as practicable redeploy or reinstate employees of the Local Government that risk termination or have been terminated on the basis of vaccination status;
- c) honour all obligations under contract for all persons adversely impacted as a consequence of inferred mandatory requirement for vaccination; and
- d) establish means to compensate Local Government employees that have lost income as a consequence of termination on the basis of vaccination status.

Glossary of Terms and Definitions.

Access means to enter, or remain at a premises.

Approved COVID-19 vaccine means:

- a. any vaccine that has been approved by the Therapeutic Goods Administration (TGA) for use in Australia for the purpose of vaccinating persons against COVID-19 or any mutations and derivatives thereof; and/or,
- b. any other vaccine specified by the Chief Health Officer, or any other person authorised by the Chief Health Officer for that purpose, as an approved COVID-19 vaccine.

Premises has the same meaning that it has in the *Public Health Act 2016 (WA)*.
